1  
2 (10.00 am)  
3 **MR BLAKE:** Good morning, Chair. Could I please call retired  
4 Detective Inspector Pamela Dowson.  
5 **THE CHAIR:** Yes.  
6 **DETECTIVE INSPECTOR PAMELA DOWSON (retired) (affirmed)**  
7 **Questioned by MR BLAKE**  
8 **MR BLAKE:** You should have in front of you a witness  
9 statement dated 14 February this year; is that right?  
10 **A.** Yes.  
11 **Q.** Thank you. It has a unique reference of WITN0404001.  
12 Is that true to the best of your knowledge and belief?  
13 **A.** Yes.  
14 **Q.** Thank you. You joined Nottinghamshire Police around  
15 30 years ago --  
16 **A.** Yes.  
17 **Q.** -- is that right?  
18 **A.** Mm-hm.  
19 **Q.** Thank you. If you could perhaps speak slightly closer  
20 to the microphone and a little louder if at all  
21 possible.  
22 **THE CHAIR:** If you try and speak between the two microphones  
23 and then that will pick you up properly, thank you.  
24 **MR BLAKE:** Most of your career has been spent as  
25 a detective.

1

1 that, and dealing with the initial management of that.  
2 **Q.** We're going to be addressing a particular night, the  
3 12th and 13th June. Can you assist us, you were night  
4 DI?  
5 **A.** Yes.  
6 **Q.** What does that typically involve?  
7 **A.** So in that year, detective inspectors were on what we  
8 call a cadre and we were put on to actual shifts, so it  
9 wasn't on an on-call basis at that point. So you would  
10 work lates and you would work an actual night shift  
11 where you were to attend a police station of your  
12 choice, and work from 10 pm to 7 am, so you were aligned  
13 with the uniformed inspectors.  
14 **Q.** Would the replacement arrive at 7 am or was there  
15 a handover period?  
16 **A.** We had -- between the cadre we had a sort of an informal  
17 handover that you would take the phone off the night CI  
18 at 6 am, and in that hour, or less as the case may be,  
19 you would do your handover. So you'd give a verbal  
20 handover as to what incidents of note had occurred, and  
21 then I personally would always follow it up with  
22 an email, and then it would then be handed over to  
23 whichever DI had the primacy for that particular area.  
24 **Q.** Thank you. I'd like to understand where your role sits  
25 alongside the Chief Inspector Mather and also

3

1 **A.** Yeah.  
2 **Q.** Initially as a detective sergeant and then a detective  
3 inspector; is that right?  
4 **A.** Yes.  
5 **Q.** Briefly, can you outline the role of a detective  
6 inspector, please?  
7 **A.** Well, depending on where you're based, you have sort of  
8 your day job, so to speak. So it could be on CID, it  
9 could be public protection, it could be other areas in  
10 the serious organised crime, and then, in addition to  
11 that, you do an on-call, and you're expected, whilst  
12 you're on call, to deal with any serious incidents that  
13 need the input of a detective inspector.  
14 **Q.** We're going to hear from an inspector and you were  
15 a detective inspector.  
16 **A.** Yes.  
17 **Q.** What are we to understand about the role of a detective  
18 inspector, specifically?  
19 **A.** So a detective inspector would look at serious crime  
20 incidents and manage them to a point where they could  
21 then -- so they'd deal with the initial management of  
22 those incident if you're on an on-call basis. If, for  
23 example, you were working on CID or public protection  
24 and something came in in the course of your duty that  
25 fell into your remit, again, you would have primacy for

2

1 Inspector Peter Shaw. Can you assist us?  
2 **A.** So mine would be management of a scene in an incident  
3 like this.  
4 **Q.** So you would be managing the scene?  
5 **A.** Yes.  
6 **Q.** Inspector Peter Shaw?  
7 **A.** He would take initial management of the scene until  
8 I got there, and then Chief Inspector Mather would,  
9 because he's got oversight of all the resources in the  
10 Force, would deal with, for example, searching for  
11 suspects, or vehicles.  
12 **Q.** Thank you. At paragraph 14 of your witness statement  
13 you've set out the Golden Hour principles. Can you  
14 briefly summarise for us what you understand the Golden  
15 Hour principles to involve?  
16 **A.** Yes. They are about protecting, preserving or gathering  
17 material that might otherwise be concealed, lost,  
18 contaminated, destroyed in a scene. It's so essential  
19 and important to manage that scene with those factors in  
20 mind. And the idea of that is that you have then the  
21 ability to identify potential witnesses, victims, secure  
22 CCTV, or identify where CCTV is, house-to-house  
23 enquiries, obviously keep the integrity of any forensic  
24 issues within the scene, and make an assessment of that  
25 sort of holistically.

4

1 Q. What about the preservation of life? Where does that  
2 fit in?  
3 A. Well, as police officers, the preservation of life is  
4 fundamental, it's what we do. So that would be  
5 fundamental at that point, yeah. That would take  
6 precedent.  
7 Q. In terms of the Golden Hour principles, you hear about  
8 securing material --  
9 A. Mm.  
10 Q. -- minimising the amount of material that could be lost  
11 in the investigation, maximising the chance of securing  
12 material that might be admissible in court --  
13 A. Mm-hm.  
14 Q. -- and also do you understand the preservation of life  
15 to be one of those major principles?  
16 A. Yes.  
17 Q. Do you understand that to include finding the  
18 perpetrator so that they can't carry out more attacks,  
19 or not?  
20 A. I feel that that's not for me: the initial  
21 consideration. When I attend a scene.  
22 Q. But in terms of your training as to what the Golden Hour  
23 principles include, is your understanding that it would  
24 include searching for a perpetrator?  
25 A. No, from my understanding of the Golden Hour principles

5

1 Q. What can you tell us about the sense of urgency that was  
2 conveyed or otherwise?  
3 A. I didn't detect a sense of urgency, but obviously, for  
4 them to call me, I -- it would be a serious incident.  
5 But they're always quite calm, because they're trained  
6 to deal with these things.  
7 Q. Did you have any discussions at that point about  
8 particular allocation of responsibility or particular  
9 tasks that you were being asked to undertake?  
10 A. No.  
11 Q. Can you talk us through the factors that you might  
12 consider in establishing whether you should attend in  
13 person or not?  
14 A. There are certain incidents that have been mandated,  
15 that a DI would attend, and I've referred to them in my  
16 statement. So they would be things like this, so  
17 incidents with knives, serious injury, a firearm  
18 discharge, arsons, arsons with intent to danger life,  
19 suspicious deaths, deaths in custody, child deaths.  
20 Q. So would it be quite usual for you to attend an incident  
21 such as this --  
22 A. Yes.  
23 Q. -- in person? Thank you. You said in your statement  
24 you started to look at the incident look but were then  
25 called by Inspector Shaw?

7

1 is scene management.  
2 Q. When it comes to searching for a perpetrator on the  
3 night of a significant incident, who do you consider  
4 holds responsibility for that?  
5 A. The Force Incident Manager.  
6 Q. To the best of your knowledge is that set out in some  
7 particular policy, particular training, or something  
8 else?  
9 A. I don't know.  
10 Q. Moving on, then, to the night in question. On the  
11 evening of the 12th/morning of the 13 June, you were at  
12 Oxclose Police Station; is that right?  
13 A. Yes.  
14 Q. That's a large base towards the north of Nottingham?  
15 A. Yeah, it's situated in Bestwood in Nottingham.  
16 Q. You've said in your statement, there's no need to turn  
17 to it, that you were informed by the Control Room at  
18 about 4 am that morning; can you recall who you spoke to  
19 in the Control Room?  
20 A. I don't think it was the chief inspector, I think it was  
21 one of the sergeants who called me.  
22 Q. Would you have expected it to have been one of the  
23 sergeants or the chief inspector?  
24 A. Yeah, anyone that's on the top desk could call me about  
25 an incident.

6

1 A. Yes.  
2 Q. I just want to take you first to the Incident Log and  
3 that can be found at NGPF0005244 and perhaps we could  
4 start at page 4.  
5 We see there at 4.05 the entry from Inspector  
6 Mather. Is this something that you would have seen at  
7 the time?  
8 A. I don't recall reading this at the time.  
9 Q. No? Looking at it now, can you assist us? There's  
10 a section there on threat assessment and various entries  
11 relating to low threats. If you had read this at the  
12 time, would you have understood this to be a situation  
13 of low threat or would you have understood that that was  
14 just a pro forma that's been copied and pasted, or  
15 something else?  
16 A. I wouldn't personally say that any incident where  
17 there's been people being stabbed would automatically be  
18 deemed as a low threat.  
19 Q. Would?  
20 A. Wouldn't.  
21 Q. Would not?  
22 A. I wouldn't have expected it to have been deemed as a low  
23 threat, but, that said, I was -- I don't know if the FIM  
24 is in possession of more information than, for example,  
25 I would be, reading this.

8

1 Q. So would you have taken this entry at face value, or, in  
2 your experience, is this something that's routinely  
3 copied and pasted?

4 A. They do put these threat assessments on and, in all  
5 honesty, I would rather attend the scene and see for  
6 myself.

7 Q. But in your experience do you often see a threat  
8 assessment that's low when in actual fact it's higher  
9 and it's simply been copied and pasted, or is this  
10 something unusual?

11 A. I don't recall paying much attention to the threat  
12 assessments on the Incident Logs to be honest.

13 Q. At all, throughout your career?

14 A. No.

15 Q. Can you assist us: what do you recall of the  
16 conversation that you had with the Inspector Shaw at  
17 that stage?

18 A. So Inspector Shaw rang me and he said to me "Are you  
19 aware of this incident?" And I said, "Yes, I've  
20 literally just pulled the Incident Log up."

21 So that will account for why I've probably not read  
22 this, because I'd only just started to read, like, what  
23 was written at the top around the nature of the call  
24 when Inspector Shaw called me. And he said, "Oh well,  
25 I'm here". I said, "Are you okay?" And he said, "It's

9

1 yes, for the integrity of the investigation.

2 Q. Why would you be asking Inspector Shaw to carry that out  
3 when effectively you're the same rank?

4 A. I wasn't asking him to carry it out, I was asking him to  
5 ask his staff to start doing that whilst I was  
6 travelling.

7 Q. Can you assist us with, in terms of division of  
8 responsibility between yourself and Inspector Shaw, why  
9 it is that he wouldn't already be doing that?

10 A. Well, he may have been, but obviously just in case he  
11 hadn't started it, it's just something that I would  
12 always request to start when I'm travelling --  
13 *(overspeaking)* --

14 Q. Is that in your role as a detective Inspector --

15 A. Yes.

16 Q. -- rather than his role, which is as an inspector?

17 A. Well, it's just something I've always done as  
18 a detective inspector, yes, to make sure that it's done.

19 Q. What would you have expected him to have been doing at  
20 that point in time?

21 A. I would have expected him to allocate a couple of staff  
22 to do it.

23 Q. In terms of his own responsibilities, what would you  
24 have expected Inspector Shaw to have been doing at that  
25 particular time?

11

1 really bad," and I said, "Okay, I'll come to it."

2 And then we had a very brief discussion about which  
3 end of Ilkeston Road it was, because obviously I was  
4 going to travel from Oxclose Lane, and once I'd  
5 established which end of Ilkeston Road or which was my  
6 quickest way to get to where they were, I said, "Oh I'll  
7 see you there," and I asked him if he'd start tasking  
8 house-to-house and scoping for any Ring doorbell CCTV  
9 footage.

10 Q. What was the purpose of that request?

11 A. What, for the house-to-house you mean?

12 Q. Yes.

13 A. To -- well, to identify any potential witnesses and to  
14 see if anybody did have any Ring Doorbell footage which  
15 is quite common these days, and any CCTV on outside of  
16 houses or businesses that might have been open at that  
17 time.

18 Q. Is the purpose of making that request to assist with a  
19 search or for subsequent criminal investigation, or  
20 something else?

21 A. For me it's always in my mind that this is for the  
22 investigation.

23 Q. So towards the ultimate criminal prosecution rather than  
24 to find the perpetrator?

25 A. No, it's to identify the perpetrator but essentially

10

1 A. To put a scene on, and get it locked down as soon as  
2 possible.

3 Q. So scene preservation.

4 A. Yeah.

5 Q. Anything else in particular?

6 A. Well, obviously assist with preservation of life and  
7 assisting with the victims, definitely.

8 Q. So immediate response to the situation.

9 A. Yes, yes.

10 Q. Who do you understand at this point in time to have been  
11 responsible for searching for the perpetrator?

12 A. Again, I would say the Force Incident Manager.

13 Q. Thank you. Can I bring on to screen paragraph 70 of  
14 your witness statement, it's page 15.

15 It's exactly as you've just said, paragraph 70,  
16 halfway through that paragraph you say:

17 "As my role was to apply fast track actions at the  
18 scene, I considered the task for the coordination of the  
19 search was that of the FCR Chief Inspector, who was Dave  
20 Mather at the time, as he had control of all available  
21 resources on the night."

22 Would it, in your view, have been possible for  
23 somebody present at the scene to have coordinated the  
24 search? Possible or practical.

25 A. No.

12

- 1 Q. Why not?
- 2 A. Because he has the -- the chief inspector has the  
3 oversight of all available resources. Somebody at the  
4 scene wouldn't have that.
- 5 Q. Have you personally spent any time in the Control Room?
- 6 A. When we first were placed on to the cadre and the shift  
7 pattern where we had to physically be at work, the chief  
8 at the time did say he would like us based in the Force  
9 Control Room, and I did used to go and do my night  
10 shifts in the Force Control Room but then when Covid  
11 happened obviously we came away from that, and then  
12 after that you could choose whether you went to the  
13 Control Room or not.
- 14 Q. We've heard about various roles within that Control  
15 Room, and one of them is dispatchers.
- 16 A. Mm-hm.
- 17 Q. Would you have expected the dispatchers themselves to  
18 have coordinated the search, or is that the role of the  
19 chief inspector or somebody else?
- 20 A. I don't have any real knowledge about the dispatchers'  
21 remit is, in all honesty.
- 22 Q. As a detective inspector, would you have expected the  
23 dispatchers to themselves coordinate a search or would  
24 you expect that had is the role of a chief inspector?
- 25 A. I would say the chief inspector.

13

- 1 Q. Whose responsibility, in your view, on that night, would  
2 it have been to ask for a police search advisor?
- 3 A. Well, again, the FIM would have known which PoLSAs were  
4 available. My understanding is they are on-call.
- 5 Q. So far as you are aware on that evening, was there one  
6 assisting, or not?
- 7 A. I don't know.
- 8 Q. Thank you. Did you question it at the time, as to  
9 whether there was or wasn't one?
- 10 A. No, because I was dealing with the scene management.
- 11 Q. Were you expecting, or would you have expected one,  
12 therefore, to have been assisting with the search for  
13 the perpetrator?
- 14 A. I -- like I say, I think it would have been good to seek  
15 some advice from a PoLSA.
- 16 Q. When you attended the scene, there are quite a few  
17 officers; is that right?
- 18 A. Yes.
- 19 Q. Yes, and so you had an inspector?
- 20 A. Yeah.
- 21 Q. Detective inspector, yourself?
- 22 A. Mm-hm.
- 23 Q. Police sergeant?
- 24 A. Mm-hm.
- 25 Q. I think by 5 am there were, say, 12 police constables at

15

- 1 Q. Thank you. If we stick with this statement on screen,  
2 please, and if we can look at paragraph 72. Over the  
3 page, please. You've said there:
- 4 "I am unsure as to where the resources were  
5 directed. I received no communication regarding the  
6 search for the suspect or asked for advice. I would  
7 have expected, on a double homicide, for the support of  
8 a Police Search Advisor ... but I have no knowledge of  
9 what was in place."
- 10 What is a police search advisor?
- 11 A. They, from a DI point of view, I would ask for a PoLSA  
12 to assist with, after an incident, searching for  
13 weapons, for example, that may have been discarded.  
14 I've also had dealings with PoLSAs when we're overseeing  
15 high risk missing people, they coordinate the search for  
16 those by using, I believe, a database that gives sort of  
17 parameters of where they may locate that missing person.
- 18 Q. Do you know what rank they generally hold?
- 19 A. Sergeant, to my knowledge.
- 20 Q. Are they, in your experience, commonly used in these  
21 kinds of incidents?
- 22 A. Searching for suspects?
- 23 Q. Yes, in say respect of a double homicide.
- 24 A. I mean, I would have asked for a PoLSA to assist if  
25 I was in charge of that.

14

- 1 least?
- 2 A. Mm.
- 3 Q. So far as you can recall, did anyone question whether  
4 some of those officers may be reallocated to search  
5 functions?
- 6 A. I'm not aware.
- 7 Q. We've heard that Inspector Shaw was at the scene as  
8 well?
- 9 A. Yeah.
- 10 Q. To what extent, in your view, did that impact on some  
11 sort of lack of strategic overview?
- 12 A. At the time, I didn't think of it in that term of him  
13 lacking any strategic overview. He was there, and very  
14 helpful to me.
- 15 Q. On reflection now, knowing what you know, do you think  
16 that his presence at the scene, rather than being back  
17 at the station or perhaps being in the Control Room or  
18 somewhere else, may have assisted with that overall  
19 search function?
- 20 A. I couldn't say.
- 21 Q. We've heard from Inspector Mather that one of his  
22 working theories, his main working theory, was that it  
23 was a robbery that had gone wrong?
- 24 A. Mm-hm.
- 25 Q. What was yours?

16

1 A. My initial thought -- I had two initial thoughts of  
 2 domestic related or had there been some kind of  
 3 altercation in the city and somebody had followed them.  
 4 Q. Was his view about a robbery gone wrong communicated to  
 5 you?  
 6 A. No.  
 7 Q. When you became aware that, for example, the victims'  
 8 wallets and personal possessions were still at the  
 9 scene, did you think about whether it was unlikely to  
 10 have been a robbery?  
 11 A. The robbery aspect didn't enter my head.  
 12 Q. So one of the things that you thought was that maybe  
 13 somebody followed them to attack them specifically or  
 14 a random attack, or what?  
 15 A. Like I said, I thought it was either domestic related,  
 16 or that they could have had an altercation with somebody  
 17 in the city who had followed them.  
 18 Q. Moving on from the initial incident, we know that VC had  
 19 attacked Ian Coates by 5.15 am; by 5.23, he had hit  
 20 Wayne Birkett; by 5.29 he had hit Sharon Miller and  
 21 Marcin Gawronski. Were you aware of a link between  
 22 those incidents at the time?  
 23 A. No.  
 24 Q. When did you first become aware of the link between  
 25 those incidents?

17

1 A. At the time.  
 2 Q. Looking back at everything we've just discussed, to what  
 3 extent do you consider DI Mather to have failed to  
 4 properly communicate with you?  
 5 A. *(Pause)* Erm, erm, throughout, all the time I was at the  
 6 scene. I felt I wasn't updated sufficiently by anybody  
 7 at the top desk.  
 8 Q. Did you feel that at the very time or is that on  
 9 reflection?  
 10 A. No, at the time. Well, as soon as I was informed,  
 11 predominantly by Inspector Shaw, "Oh this has happened"  
 12 or "They've done this, they've linked this," at the time  
 13 I was frustrated.  
 14 Q. Thank you. I'd like to move on to a separate topic, and  
 15 that's forensics and arrest strategy. Can we please put  
 16 on screen NGPF0003113, please, and if we could look  
 17 at page 35. We see there the second entry at 5.42, it  
 18 says:  
 19 "NR14 -- before male taken to custody -- contact  
 20 DI Dowson for forensic opportunities".  
 21 What did you understand by that message?  
 22 A. That they wanted me to give some instruction as to what  
 23 kind of samples, swabs, that needed to be taken from the  
 24 suspect when he was booked in.  
 25 Q. I think you've mentioned something called an arrest

19

1 A. I -- in relation to the incident on Milton Street,  
 2 I only was informed that that had been linked to the  
 3 Ilkeston Road incident once they had arrested and  
 4 detained the suspect.  
 5 Q. Would you have expected to have been involved in some  
 6 sort of discussion earlier?  
 7 A. Yes.  
 8 Q. Who would you have expected to have informed you of  
 9 that?  
 10 A. Anybody from the top desk.  
 11 Q. So anybody from the Control Room?  
 12 A. Top desk, yeah.  
 13 Q. Top desk, and who might that include?  
 14 A. As far as I'm aware, there is a chief inspector, two  
 15 sergeants and a civilian Control Room manager who will  
 16 sit on the top desk.  
 17 Q. By 5.30, 5.31, Operation Plato had been declared.  
 18 A. Mm-hm.  
 19 Q. Were you informed about that?  
 20 A. No.  
 21 Q. Again, who would you have expected to have told you  
 22 about that?  
 23 A. Top desk.  
 24 Q. Would you have expected to find out at the time or some  
 25 time later?

18

1 strategy. Is that an arrest strategy or that something  
 2 else?  
 3 A. No, this is post-arrest, and an arrest strategy is  
 4 something that you would formulate when you know they're  
 5 going to arrest somebody.  
 6 Q. What does an arrest strategy typically involve?  
 7 A. So, for example, it would be make sure that whoever's  
 8 going to arrest hasn't been at the scene or had any  
 9 dealings with victims, to put their body-worn on to make  
 10 sure that they capture any reply after caution. It  
 11 would include what I wanted them arresting for, and also  
 12 to capture what they were wearing, their demeanour, and  
 13 whatever they had with them to be either seized or, if  
 14 it was in another scene, left in situ, but again, filmed  
 15 where -- exactly where it is.  
 16 Q. So are those addressing things like contamination and  
 17 preparing for the eventual prosecution?  
 18 A. Yes.  
 19 Q. Were you contacted in relation to that strategy?  
 20 A. No.  
 21 Q. Would you have expected to have been contacted in  
 22 relation to that strategy?  
 23 A. Yes.  
 24 Q. Can you assist us with what time your shift ended on  
 25 that particular evening?

20

1 A. I went to Radford Road for the briefing. I think I left  
 2 Radford Road around 11.30, quarter to 12.  
 3 Q. So in fact you actually considered considerably beyond  
 4 your normal shift?  
 5 A. Yeah, yeah.  
 6 Q. I won't take you to it but we have a video of VC being  
 7 unloaded in custody. For the transcript, it's in  
 8 NGPF0007778R, but I don't think we need to go to it  
 9 today. It's around 6.17 in the morning and there's  
 10 reference over the radio to communication from  
 11 a homicide DI. Would that have been you or would that  
 12 have been somebody else by that stage, so 6.17?  
 13 A. I spoke to a female officer who was -- who had him in  
 14 the van at custody. I'm not aware of any other DI  
 15 talking to that female officer.  
 16 Q. So would you have been referred to as a homicide DI?  
 17 A. It may well be, yes.  
 18 Q. Can you assist us with what you said to her?  
 19 A. She told me that she'd been told to contact me, which  
 20 I think is what you were alluding to on the Incident  
 21 Log, and asked me what I wanted doing and she said "He's  
 22 being very aggressive," and I said, "If he's being  
 23 really aggressive then we don't do anything other than  
 24 we put him in a dry cell".  
 25 And obviously in the back of my mind, I'd already

21

1 a controlled substance, then that would be  
 2 a consideration, and like I've said, in relation to the  
 3 custody sergeant they have questions that they ask  
 4 people around alcohol and drugs when they're booking  
 5 them in, and again, they can then make a decision based  
 6 on those answers.  
 7 Q. To what extent, if any, do you consider it to be the  
 8 role of a detective inspector in relation to drugs and  
 9 alcohol testing?  
 10 A. I think if I'd have been informed or if a DI was  
 11 informed on arrest that somebody had drugs on them, you  
 12 could say "Can we please have them drug tested?" Yeah,  
 13 that's my view.  
 14 Q. In terms of the arrest strategy that we spoke about just  
 15 before, is that part of the arrest strategy, or is that  
 16 something else?  
 17 A. It could form part of the arrest strategy, yes.  
 18 Q. If you had been called to give an arrest strategy, do  
 19 you think it's likely or unlikely that that would have  
 20 been something that you would have given advice on?  
 21 A. It might have been something that I would give advice on  
 22 if they informed me, because obviously I would give them  
 23 advice to do a cursory search, which is what they should  
 24 do anyway before putting somebody in a different police  
 25 vehicle and transporting them. So for me, I would, if

23

1 spoken to the CSI manager so I knew that there would be  
 2 a plan formulated by the CSIM in relation to having  
 3 a CSI attend him as a scene and in cell.  
 4 Q. So that again is about essentially scene preservation --  
 5 A. Yeah.  
 6 Q. -- and subject potential prosecution.  
 7 A. Yes.  
 8 Q. In terms of forensic examination for things like testing  
 9 for drugs or testing for alcohol, who would you expect  
 10 to have made those decisions?  
 11 A. The custody sergeant on the responses given to the  
 12 questions when they're booked in.  
 13 Q. If I could bring on to screen paragraph 78 of your  
 14 statement, it's page 17. Thank you. It's the second  
 15 half of that paragraph. You say:  
 16 "I therefore did not advise on drugs or alcohol. I  
 17 consider the person responsible for this task to be the  
 18 FCR Chief Inspector (Dave Mather in this instance),  
 19 whoever directed the arrest, or possibly the Custody  
 20 Sergeant as part of the booking-in process."  
 21 Can you just talk us through why you consider it to  
 22 have been the responsibility of one of those three?  
 23 A. In respect of the chief inspector who obviously directed  
 24 the arrest, again as part of the arrest strategy if, for  
 25 example, somebody on arrest was found in possession of

22

1 I'd been informed of they had some drugs on them, then  
 2 yes, I would have mentioned it.  
 3 Q. But if they hadn't had drugs on them, that's not  
 4 something you would typically advise on?  
 5 A. No.  
 6 Q. Could we please bring up on screen NGPF0010381. What is  
 7 this document?  
 8 A. That's the front page of my day book.  
 9 Q. Is that something that you completed throughout the  
 10 evening?  
 11 A. I made notes in it whilst I was at the scene, yes.  
 12 Q. Can we please turn to page 4. There's about halfway  
 13 down of the page, I think it says, "Get van forensically  
 14 recovered" --  
 15 A. Yes.  
 16 Q. -- "full lift". Would you have written this at the  
 17 time, approximately? Are you able to assist us?  
 18 I think we can see near the top of the page there's  
 19 a reference, for example, to 5.35 am, was it around that  
 20 kind of a period when you would have written this?  
 21 A. I think so, yes.  
 22 Q. At paragraph 62 of your witness statement, you say you  
 23 recall that you:  
 24 "... asked Pete to contact FCR regarding [the  
 25 van] -- having the van forensically recovered."

24

1 A. Mm-hm.  
 2 Q. "His response ... was that the van was to remain  
 3 in situ".  
 4 You contacted DI Claire Gibson and informed her of  
 5 this. She agreed the van was to be recovered  
 6 forensically, but the request was rejected by FCR with  
 7 no explanation to myself."  
 8 Can you assist us with the difference between a full  
 9 lift and what actually happened? You've referred there  
 10 to a full lift; what is the issue here?  
 11 A. I'm sorry, I don't understand.  
 12 Q. Well, you've said that there was an agreement for the  
 13 van to be recovered forensically --  
 14 A. Yeah.  
 15 Q. -- but it was rejected without any explanation?  
 16 A. Yeah.  
 17 Q. What do you mean by that?  
 18 A. We were told no, and I don't understand -- I didn't  
 19 understand at that time why that was.  
 20 Q. What is the difference between the different processes,  
 21 then?  
 22 A. Because if you forensically recover the van, it will go  
 23 to a bay, a forensic bay, and then the CSIs can attend  
 24 there and do what they need to do in that forensic bay  
 25 without it being sort of out on the street and also --

25

1 Q. So is it still your view that there should have been  
 2 a full lift of the vehicle?  
 3 A. Yes.  
 4 Q. Why do you think it was that you weren't told?  
 5 A. I don't know.  
 6 Q. Could we please go back to NGPF0010381. In fact I think  
 7 that's the same document but just over -- if we could  
 8 have a look at the bottom half of this page. Thank you.  
 9 Set out there is a suspect strategy. Perhaps you  
 10 could read that for me.  
 11 A. Yes, so this was obviously just before I rang the female  
 12 officer, I made some notes. So I was obviously thinking  
 13 dry cell, hand swabs to be taken, nail clippings and  
 14 scrapings, full body map of him, jewellery, because  
 15 sometimes when people wear rings obviously blood gets  
 16 caught underneath, clothing, again for blood; block  
 17 phone calls, and swabs of his hands or anywhere else  
 18 where we can see blood on him.  
 19 Q. What is a dry cell?  
 20 A. It's one where they can't -- where there's no toilet or  
 21 sink so they have to ask if they want to go to the  
 22 toilet.  
 23 Q. What's the purpose behind that?  
 24 A. Because otherwise they could put their hands in the  
 25 toilet basin and wash things off.

27

1 and I appreciate this day was particularly hot -- but in  
 2 our minds we were always thinking if the weather  
 3 changes, you need -- ideally you would want a vehicle to  
 4 be under cover. And again, it's just something that we  
 5 always asked for with vehicles: that they're  
 6 forensically recovered.  
 7 Q. We have a video of the Force Control Room, again,  
 8 I don't think there's a need to bring it up onto screen  
 9 this morning. For the record, it's NGPF0008562R. We  
 10 can hear there CI Mather and Detective Inspector Neil  
 11 Humphries discussing the issue. It appears to have been  
 12 brought to their attention by DI Rich Shaw and they  
 13 seemed to raise concerns about whether VC had thrown  
 14 something out of the window, discarded something. So  
 15 they used the term "put a scene on" rather than, I think  
 16 "forensically left the vehicle". Do you understand the  
 17 difference between those two and what is your view on  
 18 that?  
 19 A. Well, again, I wasn't told that information. I don't  
 20 know where that had come from. I didn't know, I, mean  
 21 yes, obvious -- but then if they're saying that  
 22 something's been thrown out of the vehicle, then the  
 23 scene would have been -- that should have been  
 24 incorporated in the scene on the street, if you see what  
 25 I mean. Not necessarily the vehicle.

26

1 Q. Clippings, scrapings, what would be the purpose of  
 2 obtaining those?  
 3 A. To get any blood or DNA from under the nails.  
 4 Q. Ordinarily, if someone were concerned about drug use or  
 5 alcohol use, testing for hair, testing for saliva,  
 6 testing for blood, is that something that would be in  
 7 that suspect strategy or would you find it elsewhere?  
 8 A. It wouldn't be in my immediate suspect strategy because,  
 9 like I say, it does depend on what answers they give  
 10 when they're booked into custody.  
 11 Q. But if they had given some answers that indicated  
 12 potential drug use, or if observations by those who were  
 13 present in the custody suite, how does that get added to  
 14 this list? Or is it in some other list?  
 15 A. Um --  
 16 Q. Is this list purely focused on --  
 17 A. This --  
 18 Q. -- one particular issue, which is the forensics from the  
 19 scene, rather than drug testing, or might it appear in  
 20 a list such as this?  
 21 A. For me, this was based on, again, from the scene; scene  
 22 preservation.  
 23 Q. At no point had you seen VC?  
 24 A. No.  
 25 Q. Could we please bring on to screen NGPF0007688, and over

28

1 to page 2. This is an "Operation Hendrix debrief  
2 report". Do you recall being part of any debrief?  
3 **A.** I recall we were sent out something on our intranet and  
4 it was a form you could fill in electronically, and it  
5 went back to whoever sent it out.  
6 **Q.** If we could have a look at page 10, please. There's  
7 a section there on the "Initial incident response", it  
8 says:  
9 "The initial incident response captures the feedback  
10 from attending officers from Rota 4 across Local  
11 Policing, Contact Management and Operational Support  
12 during the golden hour period of the three principal  
13 incidents."  
14 There's a section at the bottom on "Areas for  
15 improvement" and, over the page, the third bullet point  
16 over the page, we can see:  
17 "Initial fast track forensic strategies were not  
18 communicated between FCR and Golden DI."  
19 Do you know what that might relate to?  
20 **A.** I, when I filled my feedback in for the debrief,  
21 criticised the fact that I'd felt I was the senior  
22 detective on at night and I wasn't kept up to date or  
23 informed of ongoing incidents, linked incidents, yeah.  
24 **Q.** Thank you. I'd like to move on to a different topic,  
25 and that is others is notification of the universities

29

1 Those are armed officers, that's PC Hallam and  
2 PC Graham, and they've by this stage viewed the footage  
3 of the attacks and they've also found Grace's ID.  
4 **A.** Mm-hm.  
5 **Q.** Who would you have expected that to have taken forward?  
6 **A.** Somebody in the Control Room.  
7 **Q.** And that is prior to your discussion with the doctor on  
8 the scene, isn't it?  
9 **A.** Yes.  
10 **Q.** I'd like to take you now to paragraph 82 of your witness  
11 statement page 17, please.  
12 Thank you. At the bottom of that page and over to  
13 the next page you say:  
14 "... on arrival at Radford Road Police Station and  
15 meeting with Detective Superintendent Lee Sanders, I did  
16 inform him almost immediately that I felt we should  
17 inform the families of the victims as soon as possible.  
18 I stated that I was concerned that, due to the student  
19 premises on the road things may go out onto social  
20 media, which the Police have no control over. He stated  
21 he would be allocating Family Liaison Officers ...  
22 I recall saying to him that if it was one of my children  
23 I would want to know as soon as possible. He state he  
24 would have ... [family liaison officers] and every  
25 detective on this case."

31

1 and also notification of the families. You've addressed  
2 this at paragraph 43 of your statement at page 10.  
3 Perhaps we can look at that. This is the -- starting  
4 with the University. You spoke to the doctor at the  
5 scene.  
6 **A.** Yeah.  
7 **Q.** He thought they were students from the University of  
8 Nottingham and you've said that you exchanged numbers  
9 and he said he would call you, but you didn't hear back  
10 from him.  
11 **A.** Mm.  
12 **Q.** Did you have any contact details for the University?  
13 **A.** No.  
14 **Q.** Who would you have expected to have had contact details  
15 for the University?  
16 **A.** The Control Room.  
17 **Q.** Whose job, in your view, would it have been to make that  
18 kind of enquiry with the University?  
19 **A.** Somebody in the Control Room to, yeah, make contact with  
20 the universities and establish next of kin details.  
21 **Q.** Perhaps we could turn to NGPF0005244. This is the  
22 Incident Log, and we can look at page 17. So this is  
23 4.43 and it says:  
24 "OFZ4 - Victims maybe students, pls contact the  
25 universities".

30

1 Was DS Sanders the Senior Investigating Officer at  
2 that stage of the --  
3 **A.** Yes.  
4 **Q.** Why did you see it as important that the families should  
5 be informed as soon as possible?  
6 **A.** When I made the comment about if it was one of my  
7 children, I was saying it as a mum, because I would want  
8 to know as soon as possible, but that would then likely  
9 mean somebody contacting me over the phone, but I, as  
10 a mum, would want to know as soon as possible.  
11 **Q.** Perhaps I could take you to the major Crime  
12 Investigation Manual, that can be found at NGPF0008898.  
13 Is this a policy that you're familiar with?  
14 **A.** No.  
15 **Q.** If we turn over to page 1, I can show you that it sets  
16 out its purpose. In the preface it says, on the second  
17 paragraph:  
18 "Murder has a devastating impact on the victim's  
19 bereaved family and friends, it affects communities and  
20 the wider public. The police have an important role to  
21 prevent homicides, but when such crimes are committed,  
22 to engage with bereaved families, investigate and bring  
23 those responsible to justice."  
24 It refers to the Stephen Lawrence investigation and  
25 it says:

32

1 "It was written by a group of experienced Senior  
2 Investigating Officers in conjunction with experts, to  
3 document good practice and provide a reference manual  
4 for other [Senior Investigating Officers]."

5 Could we turn, please, to page 26. Actually, over  
6 to page 27. There's reference there to identifying  
7 victims. If we scroll down, please, thank you. We see  
8 there a reference to "Arrest strategy", and then:

9 "The SIO and the initial response."

10 It says:

11 "Each force will have its own arrangements for  
12 calling [Senior Investigators Officers], and  
13 out-of-hours cover arrangements, however the SIO will  
14 usually be called following a situation report from the  
15 first response."

16 Over the page if we scroll down, thank you, it says:

17 "On taking command, the [Senior Investigating  
18 Officers] should, as a priority ..."

19 And it sets out a number of things that the SIO  
20 should do. The third from bottom in that list states:

21 "Ensure that the victim's family have been notified  
22 and allocate a family liaison officer ..."

23 In your view, are those two separate tasks:  
24 notification of the family and allocating a family  
25 liaison officer?

33

1 deliver that message because you don't know their  
2 demand.

3 So I think, Superintendent Sanders, to be fair to  
4 him, is trying to send the most trained, best possible  
5 person, by saying he wanted to use family liaison  
6 officers, because that would be the best possible person  
7 in these circumstances, and it would mean that then, if  
8 there was other questions, the family liaison officers  
9 would have had some direction and briefing from  
10 Mr Sanders.

11 So it's one of the most difficult decisions. It  
12 really is a difficult decision to make.

13 **Q.** In terms of recommendations for the future, living in an  
14 age of social media where messages can spread quickly,  
15 do you have any suggestions about how the process could  
16 be improved?

17 **A.** I don't, in all honesty, because family liaison officers  
18 do that job in addition to their day job, if you like,  
19 and it's -- I am a family liaison -- or was a family  
20 liaison advisor, so you're, you know, you're ringing  
21 people and you can sort of work your way down a list  
22 trying to get hold of people, trying to get people who  
23 have capacity to do that.

24 So no, I can't think of a way that we could get  
25 around that in all honesty, unless you had sort of

35

1 **A.** Yes, predominantly, yes.

2 **Q.** We saw in the log that physical IDs had been found at  
3 around 4.20 in the morning?

4 **A.** Yes.

5 **Q.** Who, in your view, should have been taking forward the  
6 contacting of the families, and when?

7 **A.** Right. So just to give you some context around that,  
8 first and foremost, we need to be absolutely certain  
9 that the next of kin details we have are correct. I'm  
10 going to assume that nobody was at the University at  
11 that hour, but for me, that's one of the most  
12 fundamental things we must do: check that those next of  
13 kin details are correct.

14 Then there's the balance between if it's -- if the  
15 family live in a different force area, you're then  
16 relying on the term we would use is "a foreign force" to  
17 go and deliver that message to the families, which is  
18 always really, really difficult, because you're telling  
19 parents ... sorry ... the worst news that they're ever  
20 going to hear, and it's always difficult trying to  
21 balance that, because if you send somebody from  
22 a foreign force, the chances are it's going to be an  
23 inexperienced uniformed officer who's not trained, or  
24 maybe even experienced to deliver that message. And  
25 also, you have no control over when they're going to

34

1 permanently deployable family liaison officers who that  
2 was their only role. That would be one suggestion, I  
3 suppose.

4 **Q.** Thank you. I only have one final topic and it's not  
5 a particularly long topic. Would you like to take  
6 a five-minute break before we go on to that topic or are  
7 you happy to go on?

8 **A.** No, I'm happy.

9 **Q.** The final topic is about communication and you've set it  
10 out in your witness statement. You took a mobile phone  
11 with you to the scene; is that right?

12 **A.** Yes.

13 **Q.** You had a police radio, I think, in your bag --

14 **A.** Yeah.

15 **Q.** -- but it hadn't been charged.

16 **A.** No, I didn't get a battery for it.

17 **Q.** It didn't have a battery. You took 20 minutes between  
18 the station and the scene --

19 **A.** Yes.

20 **Q.** -- because it's quite far away. I don't think you were  
21 travelling with blue lights or anything like that.

22 **A.** No.

23 **Q.** So I think you've said you were keeping to the speed  
24 limit.

25 **A.** Mm-hm.

36

1 Q. What were you doing during that 20 minutes when you were  
 2 in the car? Because, I mean, it may seem obvious, but  
 3 if you had a radio with you, you obviously would have  
 4 been updated as to developments over that 20 minutes.  
 5 Are we to understand during that 20-minute period,  
 6 you're essentially out of contact with what was going  
 7 on on the ground?  
 8 A. Yes.  
 9 Q. If we could turn, please, to NGPF0010379. Now I'm not  
 10 sure that this is in fact the right document but you can  
 11 assist us and tell us if it is. You've referred to this  
 12 document in your witness statement as identifying when  
 13 you were at the scene. If we go over the page, we can  
 14 see it's a crime scene, a Major Incident Log Book.  
 15 Now, it may in fact not have been this Log Book, we  
 16 can turn over the page and see, but in terms of  
 17 identifying when you arrived at the scene, was it  
 18 written in a book such as this, if it wasn't this one?  
 19 A. Yeah.  
 20 Q. Am I right to say that it's unlikely to have been this  
 21 one because of the times that are recorded here are  
 22 significantly later, I think, to when you attended?  
 23 A. Yeah, they are, yes.  
 24 Q. If we please go back to NGPF0005244, please, and page 7.  
 25 We see, if we look at, say, 4.09 halfway down, we see

37

1 have made its way on to the log?  
 2 A. Yes.  
 3 Q. Looking back at both of those issues, the driving in,  
 4 20 minutes without a radio, arriving at the scene, and  
 5 there being no formal notification of your presence,  
 6 looking back at that now, was that a mistake?  
 7 A. No.  
 8 Q. Could that cause difficulties, because you would arrive  
 9 at a scene, not be up to date immediately because you  
 10 won't have been following, and although you will make  
 11 your presence known, those who are following this log  
 12 will not in fact be aware of your presence at the scene  
 13 because, as we've just looked at, you would have  
 14 physically logged in at the scene.  
 15 A. Mm-hm.  
 16 Q. But those who follow the log would not have been aware  
 17 that you were there.  
 18 A. I don't think it would have -- I don't think it's  
 19 detrimental that it's not logged on there that I'm at  
 20 the scene.  
 21 Q. How about not being able to keep up-to-date with  
 22 developments for that 20 minutes?  
 23 A. If there was anything crucial, then I do have  
 24 a hands-free. It's not -- I mean there's been other  
 25 incidents I've travelled to, certainly when I'm

39

1 the number 3993. We see the number 1790, and if we  
 2 scroll down, we can see "At scene", "At scene".  
 3 So a log like this typically will identify when  
 4 officers are attending the scene; is that right? A live  
 5 log of this sort.  
 6 A. Yeah, that's my understanding of it.  
 7 Q. If we could please turn to page 14, three-quarters of  
 8 the way down at 4:25:35, we see there:  
 9 "[Force Incident Manager] ... Golden DI ... Pam  
 10 Dowson is travelling to the scene."  
 11 So the FIM has notified everybody who is following  
 12 the log, at 4.25 --  
 13 A. Yeah.  
 14 Q. -- that you're travelling to the scene, and it took  
 15 about 20 minutes to arrive at the scene.  
 16 If we could please go on to page 16, we see there  
 17 messages around the time, and if we scroll over the  
 18 page, we've already seen that one reference is  
 19 contacting the universities.  
 20 There's no entry in this log that you had arrived at  
 21 the scene.  
 22 A. No.  
 23 Q. If you had a radio with you, would you have notified --  
 24 A. Yeah.  
 25 Q. -- your presence at the scene, and likely that would

38

1 travelling further distances, where I've been -- I've  
 2 had a telephone call whilst driving.  
 3 Q. Is it typical for a detective inspector not to have  
 4 a police radio?  
 5 A. Our preference is to use our phones, definitely, because  
 6 a lot of the time we can have quite lengthy  
 7 conversations, certainly with the Force Control Room top  
 8 desk. We can even have disagreements with them at  
 9 times, and that's not something that you're going to do  
 10 using your radio. Sometimes, depending on where you are  
 11 in Nottinghamshire, historically we've had issues where  
 12 the radio can drop out, and I do have both my personal  
 13 and my work phone, so I'm carrying two phones as it is.  
 14 And I don't, in my daily business, I wouldn't have used  
 15 my Airwaves radio.  
 16 So I'm, in all honesty, also not *au fait* with all  
 17 the callsigns and all the different channels either.  
 18 But, like I say, it's mainly we use our phones because  
 19 of the detailed and lengthy conversations we can have a  
 20 lot of the time.  
 21 Q. We've heard a lot about the different talkgroups and  
 22 about different information and different descriptions  
 23 being given over those talkgroups.  
 24 A. Mm-hm.  
 25 Q. Without the radio, you wouldn't have had that real-time

40

1 information. I mean, thinking about that, is that not  
 2 in some way detrimental to the work that you're carrying  
 3 out?  
 4 **A.** Well, on that particular evening, I was on my phone  
 5 a lot, so the chances of me catching something on the  
 6 radio would have been minimal. I probably would have  
 7 had it in my bag because I was carrying two phones and,  
 8 like I say, if -- I'd already informed the chief  
 9 inspector I wanted to be contacted on my phone, and that  
 10 hasn't been an issue in the past with many incidents  
 11 that I've been to.  
 12 **Q.** Now I'd just like to play you two recordings and they're  
 13 calls relating to forensic strategy. It's NGPF0004810,  
 14 and NGPF0004827.  
 15 **(Audio played)**  
 16 Now I think your evidence has been, in fact, you did  
 17 speak about the forensic strategy.  
 18 **A.** Yes.  
 19 **Q.** But in terms of this conversation, the request for  
 20 a collar number, for example, would it have been easier,  
 21 if you had been on the radio, to have communicated those  
 22 kinds of messages over the radio?  
 23 **A.** I wouldn't have done it over the radio; I would have had  
 24 the conversation anyway. So even if I'd have had my  
 25 radio and she would have what we call point-to-pointed

41

1 weren't contacted in relation to an arrest strategy.  
 2 I mean, looking back, has something gone wrong with  
 3 communications, or is the issue to do with the  
 4 individuals and perhaps the Force Incident Manager?  
 5 **A.** I can't say how a different FIM would have dealt  
 6 with it. I can only talk of, on that particular night,  
 7 I felt frustrated because I wasn't updated directly by  
 8 the top desk, I was updated by Pete Shaw who had heard  
 9 things on his radio and luckily he was stood near me so  
 10 he could tell me. But no, that's not ideal, and yeah, I  
 11 felt on that night that somebody could have been like  
 12 a point of contact for me.  
 13 **Q.** Thank you, Chair. I don't have any further questions.  
 14 There are some questions from Mr Moloney.  
 15 **THE CHAIR:** Yes, of course. I think we'll carry on now, if  
 16 you're able to just carry on?  
 17 **THE WITNESS:** Yes.  
 18 **THE CHAIR:** Yes, thank you. Mr Moloney.  
 19 **Questioned by MR MOLONEY**  
 20 **MR MOLONEY:** Retired Detective Inspector, I'd just like to  
 21 ask you about one discrete area which is the  
 22 notification of the families --  
 23 **A.** Yes.  
 24 **Q.** -- on the morning that Mr Blake asked you about.  
 25 Can I take you to your daybook, which is

43

1 me, I would have said, "I'll give you a call."  
 2 **Q.** Finally, one of the issues, of course, relating to  
 3 mobile phone conversations, is that we, as an Inquiry,  
 4 don't have those records, we're not able to see what has  
 5 been communicated. I think you've addressed that in  
 6 your witness statement and you've said that the records  
 7 are no longer available.  
 8 I mean, looking back, do you think that had there  
 9 been greater conversations over the radio, that may have  
 10 been better for record keeping, for being able to see  
 11 what went wrong?  
 12 **A.** No. I stand by that. From my perspective as a former  
 13 DI, I would have -- yeah, just had those conversations  
 14 over the phone because of the detail that's involved in  
 15 them, and an incident, as well, if you're taking up a  
 16 lot of the air with that, it means other people can't  
 17 cut in if they need to urgently.  
 18 So it just made sense to me to do those  
 19 conversations person-to-person on the phone and  
 20 obviously, you know, I will record some detail of those  
 21 or make notes of those and then ultimately, you know,  
 22 I have told you that what is in my statement is true to  
 23 the best of my belief and recollection.  
 24 **Q.** We heard that you weren't aware of the link between the  
 25 incidents, you weren't aware of Operation Plato, you

42

1 NGPF0010381. Could we go to page 5 of that document,  
 2 please. Thank you. This is, if we look on the  
 3 left-hand side of the page, there's reference to -- is  
 4 that 5.30 am?  
 5 **A.** It might be 5.33 or 32, sorry.  
 6 **Q.** It's roughly 5.30 though, whatever it is --  
 7 **A.** Yeah.  
 8 **Q.** -- it's a 5.3.  
 9 **A.** Mm-hm.  
 10 **Q.** Do we see the second entry from the bottom? Don't read  
 11 it out, please, because it includes an address, but it  
 12 refers to an ID of Barnaby Philip Webber, and then  
 13 a date of birth and then an address.  
 14 **A.** Yes.  
 15 **Q.** So that is a full address without the postcode in  
 16 Taunton?  
 17 **A.** Yes.  
 18 **Q.** You also had, by that stage, identification for Grace,  
 19 the driving licence?  
 20 **A.** Yes.  
 21 **Q.** You've told the Chair, in response to questions from  
 22 Mr Blake, that you had a conversation with -- it's been  
 23 referred to as DS Sanders, he's Detective Superintendent  
 24 Sanders, in fact, isn't he?  
 25 **A.** Yes.

44

1 Q. "DS" usually stands for detective sergeant, doesn't it?  
 2 A. Yes.  
 3 Q. Where were you when you had that conversation? Were you  
 4 together or was it over the phone?  
 5 A. No, it was once I got to Radford Road and went into his  
 6 office.  
 7 Q. Yes. Do you know roughly what time that was that you  
 8 arrived at the station and went into his office?  
 9 A. I would say it was definitely after 8.00 am.  
 10 Q. Right. You said that essentially, I think, if it was  
 11 your child, you'd want to know?  
 12 A. Yes.  
 13 Q. Were you aware that the families were actually ringing  
 14 in for more information?  
 15 A. No, I only became aware of that when we were in the main  
 16 briefing, and a call came through from -- I don't know  
 17 who the call came through from -- and I think it was DI  
 18 Gibson that answered the phone and then mentioned that  
 19 one of the parents had called in.  
 20 Q. I'll save any further questions for Detective  
 21 Superintendent Sanders.  
 22 **THE CHAIR:** Thank you, Mr Moloney. Ms Cartwright?  
 23 **Questioned by MS CARTWRIGHT**  
 24 **MS CARTWRIGHT:** Good morning, retired Detective Inspector.  
 25 Could I just briefly return to the issue of  
 45

1 But on the third occasion where it's dealt with, and I'm  
 2 not going to play the footage, but I'm going to read  
 3 what's in the transcript and, for the reference, that  
 4 would be NGPF0008562R. It's a counter time shortly  
 5 after 7.20.  
 6 It seems at this stage in particular, Officer Mather  
 7 is particularly frustrated that the issue of whether  
 8 it's going to be a forensic lift or a scene is being  
 9 revisited again. What our note of that recording is the  
 10 following:  
 11 "All right, I'm going to put on the log that my  
 12 original decision stands. We are putting a scene on.  
 13 I'm ever so sorry, if I'm being ambitious, right, the  
 14 scene stays on that van and the scene stays where it is.  
 15 I will tell the DCI, yeah."  
 16 Then the officer who we believe is Chief Inspector  
 17 Neil Humphries then says, "Do you want me to speak to  
 18 the DCI?"  
 19 Officer Mather responds: "It's not in my phone."  
 20 Then the question is asked: "Is it Rich?"  
 21 And his response is: "I've got no idea. Just tell  
 22 him it's going to be a scene."  
 23 So can you assist us, that seems to suggest that  
 24 there is an issue about not having the phone number of  
 25 who was making that decision. Can you help us at all?  
 47

1 communication between you and the FIM, and can we  
 2 display, please, your paragraph 31, which is  
 3 WITN0404001. Thank you.  
 4 Now, we can see there that you initially made the  
 5 call to the top desk and spoke to Chief Inspector Mather  
 6 before you left to go to the scene at Ilkeston Road.  
 7 Obviously you've indicated there that it was your  
 8 preference to use your mobile and you provided your  
 9 mobile phone number; is that correct?  
 10 A. They have the -- what we call the Golden DI number.  
 11 They have it at the top desk.  
 12 Q. All right. So that is essentially the -- whoever is on  
 13 call --  
 14 A. Yes.  
 15 Q. -- that is the same number --  
 16 A. Yes.  
 17 Q. -- of *Officer P(?)*. So you didn't have to give it --  
 18 A. No.  
 19 Q. -- it should just be there at the top desk?  
 20 A. Yes.  
 21 Q. Because the reason I ask that is we have got the top  
 22 desk footage, and you've already been questioned about  
 23 the decision whether there should be a forensic lift or  
 24 a scene, and we see that that's an issue that's  
 25 revisited a number of times over the top desk footage.  
 46

1 A. No, I don't know why they're talking about a DCI. There  
 2 wasn't a DCI. It was me. And I don't know who they  
 3 mean by "Rich" either.  
 4 Q. So from your perspective, this confusion about whether  
 5 it was going to be a forensic lift or a scene, was there  
 6 anyone other than you that would be saying, or feeding  
 7 information back to the Control Room about your view  
 8 that it should have been a forensic lift rather than  
 9 a scene?  
 10 A. I don't know. I can't answer that.  
 11 Q. All right. Then can I ask you, because you've  
 12 referenced you making contact with the top desk and  
 13 speaking to Officer Mather before you left to go to  
 14 Ilkeston Road.  
 15 A. Yes.  
 16 Q. But at any point when you were at Ilkeston Road, did  
 17 Officer Mather contact you on your mobile phone to give  
 18 you any update?  
 19 A. No, I called him. I think twice, actually: once to give  
 20 him an update and ask for the on-call homicide officer  
 21 and on-call CSI manager; and I think I made another call  
 22 at some point asking for the roads, you know, to let the  
 23 buses et cetera know, about the road closure on  
 24 Ilkeston Road and I was told: "Yeah, that's all been  
 25 done."  
 48

1 Q. Right, so no update to you at any point from  
2 Officer Mather during that morning?  
3 A. No.  
4 Q. Did that surprise you?  
5 A. Yeah.  
6 Q. I think you've referenced that it was frustrating, but  
7 is it not essential, when you were the DI, and  
8 particularly with this evolving incident, that you  
9 needed to be given timely and regular updates about what  
10 was happening?  
11 A. That's how I felt, yes.  
12 Q. Right. Now you've already dealt with the fact that you  
13 were made aware, essentially through Officer Shaw, that  
14 Operation Plato had been declared.  
15 A. Mm.  
16 Q. Can I ask you first of all, did you have an  
17 understanding about what Operation Plato was?  
18 A. I know it's in association with a marauding terrorist  
19 attack, yes.  
20 Q. Had you had training on what needed to happen if there  
21 was an Operation Plato?  
22 A. I recall doing some online training but I can't recall  
23 exactly when I did it.  
24 Q. All right. Because one of the things it seems clear is  
25 that there was a lack of clarity about what happened

49

1 Q. Can I ask you, was that a failing of the events of that  
2 night or do you believe that was a failing more broadly  
3 for appropriate training about what to do in an  
4 Operation Plato?  
5 A. I can't, I can't answer that.  
6 Q. Can I then briefly just take you to Nottingham's policy  
7 for an Operation Plato, please. It's NGPF007969. I'm  
8 sorry, I've missed a zero, I think, NGPF0007069. I do  
9 apologise, thank you.  
10 So can I ask you, prior to June 2023, had you had  
11 any cause or training on the Op Plato procedure for  
12 Nottingham?  
13 A. No, just the general online one.  
14 Q. Right. So can we just move forward to page 4, because  
15 you have given your evidence around things you thought  
16 it might have been initially and I think you've said  
17 you've discounted that it was a robbery, but certainly  
18 you initially thought it might have been a domestic  
19 incident. But can I ask you, had you an awareness that  
20 you could have a marauding attack that was not terrorist  
21 motivated but essentially was a lone individual that  
22 might be motivated by personal disaffection, including  
23 in respect of former employers or schools? And I'm  
24 going to add in addition to this, or potentially in  
25 respect of the University? Were you aware that there

51

1 following the declaration of Op Plato from around 5.30  
2 in the morning.  
3 A. Mm mm.  
4 Q. Did you have clarity about what had happened thereafter  
5 once Op Plato had been declared?  
6 A. No.  
7 Q. From your perspective, can I ask first of all, at any  
8 point did anyone tell you where the rendezvous point  
9 was?  
10 A. No.  
11 Q. Did anyone tell you where the forward control point was?  
12 A. No.  
13 Q. Did anyone tell you what the various zones were, whether  
14 they were cold, warm or hot?  
15 A. No.  
16 Q. Did anyone give you details of who the incident  
17 commander was for fire and rescue?  
18 A. No.  
19 Q. Did anyone give you details of who the incident  
20 commander was for the ambulance service?  
21 A. No.  
22 Q. Did you understand what the various roles and  
23 responsibilities were across the multi-agency  
24 responders?  
25 A. No.

50

1 was wider motivations for an MTA?  
2 A. I do feel from recollection in the online training it  
3 does mention lone people, but I don't recall that detail  
4 that you've just given me.  
5 Q. All right. Then can I ask you, because Officer Mather  
6 gave evidence on Friday, that the things he was thinking  
7 about, he did give some thought earlier to a potential  
8 MTA. Was that raised with you at any point?  
9 A. No.  
10 Q. Then can we turn over the page, please. You've  
11 indicated it wasn't for you to have the responsibility  
12 for the location of the offender or the search strategy.  
13 You say you thought that was being squarely being dealt  
14 with by the Control Room and the asset.  
15 Can I ask you in terms of the strategic aims more  
16 generally, and I think this document is Op Plato but  
17 I think it also says it applies more broadly, were you  
18 familiar with the principles of needing an overarching  
19 strategic aim to identify, locate, and confront subjects  
20 to neutralise the threat, and for the reasons set out in  
21 the bullet points there?  
22 A. No, but I think what you have to understand is, when I'm  
23 at a scene and I'm doing those fast track actions at  
24 that scene, from an investigative capacity, that the  
25 strategy overarching strategies are not at the forefront

52

1 of my mind when I'm dealing with a scene.  
 2 **Q.** No, I appreciate that, but I just wanted to understand  
 3 more broadly if -- because we know it became an  
 4 Operation Plato -- whether you had the sort of details  
 5 about what the strategic aims were of an Operation Plato  
 6 from training in advance of 13 June?  
 7 **A.** No.  
 8 **Q.** Then can we move forward to page 14, because this goes  
 9 to the communication issue. Were you being kept updated  
 10 that morning as to which different channels the firearms  
 11 officers were on, and the uniformed officers, to have an  
 12 understanding about how they were being communicated  
 13 with?  
 14 **A.** No.  
 15 **Q.** Now, were you aware of the general principle, though,  
 16 that in major incidents and Op Plato, it can have  
 17 a massive impact upon mobile phone connections such that  
 18 the best advice is not to be using mobile phones, but to  
 19 be on essentially airwaves but controlled airwaves?  
 20 **A.** No.  
 21 **Q.** So you have said essentially that the battery wasn't  
 22 charged. Ordinarily, would you have a battery in your  
 23 radio?  
 24 **A.** No, I didn't say the battery wasn't charged; I said  
 25 that I didn't have a battery for it. So when I got the

53

1 question, you said you became aware in your statements  
 2 about an incident on Milton Street.  
 3 **A.** Yes.  
 4 **Q.** But did you ever become aware that there was only one  
 5 individual struck on Milton Street, but in fact the  
 6 later incident had occurred on Upper Parliament Street,  
 7 because that's not in the METHANE message that's  
 8 recorded on the Incident Log.  
 9 **A.** At some point I do recall Inspector Shaw telling me that  
 10 there was three people injured, but I can't recall,  
 11 other than that.  
 12 **Q.** Can I ask you, did you have an understanding of what  
 13 a METHANE message is?  
 14 **A.** I know it's -- yeah, yes. I've -- I know it's linked to  
 15 Op Plato.  
 16 **Q.** But would you agree that one of those, the (*unclear*)  
 17 METHANE is exact location, and I think, certainly if we  
 18 look at METHANE that's in the record, the location  
 19 that's given is Milton Street --  
 20 **A.** Mm.  
 21 **Q.** -- which is not the location for certainly two of the  
 22 casualties.  
 23 **A.** Mm.  
 24 **Q.** Did you notice that at any point?  
 25 **A.** No.

55

1 call, certainly from Pete, and I knew that I wanted to  
 2 get to the scene as soon as possible, I didn't go  
 3 looking around the police station for a battery. I just  
 4 left, like I said, with what I needed to get to the  
 5 scene as quickly as I could.  
 6 **Q.** Right, and so ordinarily, would you have had a radio  
 7 with a battery with you if you were the on-call DI going  
 8 out to an incident?  
 9 **A.** On occasion, I have, but not very often, if I'm honest.  
 10 **Q.** All right.  
 11 **A.** Because, like I say, my preference is I will use  
 12 a mobile phone for the reasons I've already said.  
 13 **Q.** Right. Then so can I ask, we can see some general  
 14 guidance there about what to happen in an Operation  
 15 Plato: no channels are to be patched, point to point is  
 16 not to be used, Airwaves telephony is not to be used,  
 17 and then once told what channels to go on, that people  
 18 must go on to them.  
 19 Did you have an awareness and understanding about  
 20 the significance and importance of Airwave channels,  
 21 both by the -- for the police but also channels across  
 22 the blue light services in an Operation Plato?  
 23 **A.** No.  
 24 **Q.** Thank you.  
 25 Now just briefly can I ask you, then, for my final

54

1 **Q.** Right. Then you've been asked about the arrest  
 2 strategy. Your statement deals with the fact that you  
 3 thought it might have been a drink driver linked to the  
 4 collisions. Did that inform anything you fed in about  
 5 the need for blood or breath testing for the driver of  
 6 the vehicle?  
 7 **A.** No, so my only comment around -- was when Inspector Shaw  
 8 said to me "Somebody is driving -- somebody's driving  
 9 onto the pavements on Milton Street", and my initial  
 10 thought, what I do recall saying to him, is -- he  
 11 obviously mentioned it was a van, and I said, "Have any  
 12 vans been reported stolen?"  
 13 So my initial thought was: is it somebody driving  
 14 a stolen van erratically? I asked him if there was  
 15 any -- and then he said "No, they're driving at somebody  
 16 deliberately".  
 17 And I said, "Oh, is it -- do you think they're drink  
 18 driving?"  
 19 And then I can't recall what his response to that  
 20 was, but at some point he told me that it appeared  
 21 they'd been deliberately driven at. I asked if the  
 22 injury was serious, and at that point he said "no", but  
 23 that was, you know, very early on.  
 24 And then it was only obviously then that I didn't  
 25 know that the incidents were linked until a bit after

56

1 that, when I was informed that a police vehicle was  
2 behind the van, and then the next sort of update I had  
3 from Pete was that they'd made an arrest, and I said,  
4 "What for?"

5 And he said, "Oh, for the murders on -- here on  
6 Ilkeston Road".

7 And I said, "I didn't know they were linked", and he  
8 said, "Yes, they've linked them".

9 **Q.** Right, certainly from what's been passed on from  
10 Inspector Shaw to you, when he's talking about an  
11 individual being driven at in Milton Street, it was  
12 clearly conveyed to you that that was deliberate driving  
13 at that individual?

14 **A.** He said, "It appears that they're deliberately driving",  
15 yes.

16 **Q.** Thank you.

17 **THE CHAIR:** Mr Beggs?

18 Further questioned by MR BLAKE

19 **MR BLAKE:** Just while we wait for Mr Beggs can I clarify one  
20 small matter and it's relating to the forensic lift of  
21 the vehicle.

22 You were asked about a DI or DCI. Having listened  
23 to that footage it's DCI Rich Shaw; is that someone who  
24 you were aware of?

25 **A.** Rich Shaw is a police sergeant and he was a PoISA, and

57

1 of a radio, but had -- when you arrived, did you realise  
2 that Sergeant Hallam had already viewed some footage,  
3 CCTV footage?

4 **A.** No.

5 **Q.** But if you were to be told that, it's a matter of common  
6 ground that at 4.39 he was reporting that in, that would  
7 be a good thing for him to have done?

8 **A.** Yes.

9 **Q.** Thank you very much.

10 **Questioned by THE CHAIR**

11 **THE CHAIR:** Yes, I just have a couple of questions. Just in  
12 relation to the threat assessment that was on the log,  
13 I think you've said that you didn't really take much  
14 notice of the threat assessment, and I'll just get that  
15 up for you. That's the incident report, which I think  
16 it's the log, in fact. I don't know what the number of  
17 that is. Perhaps you can just assist me on that. Yes,  
18 here we are.

19 It's NGPF0005244, and it's page 4.

20 I think you said you didn't normally pay much  
21 attention to what's on the log at this point, and on  
22 this occasion you'd only just started to read it when  
23 you got the call --

24 **A.** Yes, that's right.

25 **THE CHAIR:** -- from Mr Shaw.

59

1 he worked on operational support at the time.

2 **Q.** May he have been giving instructions or conveying  
3 messages relating to the forensic lift of the van?

4 **A.** Again, if he was, I wasn't aware.

5 **MR BLAKE:** Thank you.

6 **THE CHAIR:** Yes, Mr Beggs.

7 **Questioned by MR BEGGS**

8 **MR BEGGS:** Ms Dowson, one of the pieces of evidence you gave  
9 was that you wanted house-to-house performed, one reason  
10 being to secure any CCTV or Ring Doorbell-type footage.

11 **A.** Mm-hm.

12 **Q.** The reason for that, which we all now fully understand,  
13 is that there is the opportunity for identification --

14 **A.** Mm-hm.

15 **Q.** -- which means if you get a good photograph, that can be  
16 uploaded onto police systems --

17 **A.** Yes.

18 **Q.** -- which enables officers who may be spread over a big  
19 area to look at the face of the suspect.

20 **A.** Yes.

21 **Q.** But does it have an additional benefit, that local  
22 police officers might, in some cases, recognise the  
23 suspect from previous knowledge?

24 **A.** Yes, definitely.

25 **Q.** You may not have appreciated it, because of the absence

58

1 Just looking at it, would that threat assessment,  
2 "Low", "Low", "Low", "Low", not have been something that  
3 you would have taken into account if you were just  
4 reading this and hadn't been phoned by Shaw?

5 **A.** Yes, I -- yeah, I would have read it in more detail.

6 **THE CHAIR:** What's the purpose of having that on there?

7 **A.** What, the threat assessment?

8 **THE CHAIR:** Yes.

9 **A.** I would say to risk assess around the safety of other  
10 members of the public, the safety of officers.

11 **THE CHAIR:** Yes. So it should be accurate, it should be,  
12 you think --

13 **A.** Yeah, it should be accurate.

14 **THE CHAIR:** -- a proper threat assessment.

15 **A.** Yes.

16 **THE CHAIR:** Right. Thank you. Just as far as you are using  
17 your phone is concerned, rather than a radio, you've  
18 said in answer to questions that after the declaration  
19 of Operation Plato what should have happened, and you  
20 were shown is that people should have been told to be  
21 put on to a particular channel and not to use any other  
22 means of communication. Did anybody ever ring you to  
23 tell you that?

24 **A.** No.

25 **THE CHAIR:** Did you know that Operation Plato had been

60

1 declared?

2 **A.** When Inspector Shaw told me that it had been declared.

3 **THE CHAIR:** Do you remember when that was? Was it at that

4 time that it was declared or afterwards, do you know?

5 **A.** I can't -- I can't recall.

6 **THE CHAIR:** When you were told about it, were you told to go

7 on to the radio channel to stick close to him, as he was

8 on the radio?

9 **A.** No.

10 **THE CHAIR:** Thank you.

11 Well, thank you, that's end of your evidence. We'll

12 take a break now for 20 minutes. Thank you.

13 (11.29 am)

14 (A short break)

15 (11.50 am)

16 **THE CHAIR:** Yes, Mr Blake.

17 This witness is going to be by audio only, so I'm

18 just going to remind everyone there's to be no filming

19 or photography of any kind. Thank you.

20 **MR BLAKE:** Thank you, Chair. Can I please call PC Matthew

21 Bower.

22 **PC MATTHEW BOWER (affirmed)**

23 **Questioned by MR BLAKE**

24 **MR BLAKE:** Thank you, PC Bower. You should have in front of

25 you a witness statement dated 23 February 2026; is that

61

1 **Q.** So something like pursuit, tactical stops, and things

2 like that --

3 **A.** Yes.

4 **Q.** -- would be included in that course.

5 **A.** Mm-hm.

6 **Q.** Yes.

7 **A.** There are then further courses for further tactics on

8 top of that.

9 **Q.** Have you undertaken any further courses?

10 **A.** I have since then, but at that time it was just the

11 advanced driving course.

12 **Q.** How about major incident training? Have you had any

13 training in relation to major incidents?

14 **A.** Yes.

15 **Q.** What might that involve?

16 **A.** So a lot of our training as firearms officers is

17 scenario-based, so I we do put on all types of scenarios

18 you could imagine and work through them as we would as

19 a team.

20 **Q.** We've hearing quite a lot about Operation Plato. Do you

21 have specific training for Operation Plato?

22 **A.** I don't believe I've done a full Operation Plato

23 exercise but we do have inputs on it through PowerPoint

24 and online learning that we do.

25 **Q.** I think you briefly left the police in November 2023 but

63

1 right?

2 **A.** Correct.

3 **Q.** That has a URN of WITN0419001. Can you please confirm

4 that that is true to the best of your knowledge and

5 belief?

6 **A.** Yes, it is.

7 **Q.** Thank you very much. You are a former Royal Marines

8 commando before joining Nottinghamshire Police in 2018;

9 is that right?

10 **A.** That's correct.

11 **Q.** You began as a response officer but quite quickly

12 started to move to the initial firearms course in 2021.

13 **A.** Mm-hm.

14 **Q.** That is a 13-week-long course?

15 **A.** I believe so, it might be longer now.

16 **Q.** You've also completed an advanced driving course. Can

17 you assist us with that? How long was that and --

18 **A.** I believe that was four weeks in total.

19 **Q.** Were you offered that specifically because of your

20 firearms role or is that something that's offered to

21 everybody?

22 **A.** Yes, we use higher powered vehicles than response

23 officers, so it's to be able to safely drive the higher

24 powered vehicles but also specific tactics that you are

25 taught within that course.

62

1 have subsequently returned; is that right?

2 **A.** That's correct.

3 **Q.** I'm going to ask you some questions about the 12th and

4 13th June 2023. We've heard that you were crewed with

5 PC Yallop in an unmarked ARV; is that right?

6 **A.** Yes.

7 **Q.** I think your normal area of patrol at that point in time

8 was the north of the city.

9 **A.** On that day, yes.

10 **Q.** On that day.

11 **A.** Yes.

12 **Q.** You heard about the stabbing at about 4.05 in the

13 morning; is that right?

14 **A.** Mm-hm.

15 **Q.** Were you asked to attend?

16 **A.** I don't recall if we were asked directly or we chose to

17 travel, having heard on the radio. It's the type of

18 incident we would always assist with, so we did.

19 **Q.** I may be able to assist you. If we could play please

20 NGPF0004730.

21 (Audio played)

22 I think there was reference there to 4A.

23 **A.** Okay, yeah, so that was PC Yallop offering for us to

24 travel down and assist.

25 **Q.** We've heard about talkgroups, Talkgroup 1199,

64

1 Talkgroup 6 and 7.  
 2 **A.** Mm-hm.  
 3 **Q.** Did you have access to both?  
 4 **A.** Yes, obviously we can only listen to one at a time on  
 5 our radio. We would normally work off of 1199 on our  
 6 personal radios and we'd normally have our cars set, if  
 7 we're in the car, set to the local area that we are in  
 8 at that time.  
 9 **Q.** We've heard about channel hopping, for example.  
 10 **A.** Mm-hm.  
 11 **Q.** Was that something that you experienced any issues with?  
 12 **A.** On that evening?  
 13 **Q.** Yes.  
 14 **A.** In a way, yes, although, as the driver, that was the  
 15 least of my worries. I'll let PC Yallop deal with  
 16 communications, changing channels, telling me things  
 17 I need to know. I'll drive us to where we need to get  
 18 to.  
 19 **Q.** More broadly then, outside of this particular evening,  
 20 is it an issue that you face?  
 21 **A.** Not particularly. It's better that different areas are  
 22 working on different channels because they need to be  
 23 able to run local jobs individually. We're aware pretty  
 24 much where all the borders are, so as we're passing  
 25 through, we change the car set, but that always leaves  
 65

1 a natural thing for us to want to do.  
 2 **Q.** Who did you understand at that point in time to be  
 3 coordinating a search?  
 4 **A.** At that point in time, I'm unaware. My focus was on  
 5 getting to that area and then seeing what's required of  
 6 me when I get there.  
 7 **Q.** Who would you have expected to have carried out the  
 8 organisation and coordination of the search?  
 9 **A.** The Control Room with a view of who is currently  
 10 committed with what. I would expect to say, like I say,  
 11 if there's enough on scene dealing with that scene,  
 12 dealing with first aid, hopefully they can then allocate  
 13 who is still free to get them searching.  
 14 **Q.** We've heard that Inspector Shaw was also at the scene.  
 15 Were you aware that he was at the scene?  
 16 **A.** No.  
 17 **Q.** What would you expect his role to have been in respect  
 18 of the coordination of the search, if anything?  
 19 **A.** I don't know. As an inspector, I imagine he's stepping  
 20 back, managing the bigger picture. Whether that would  
 21 move on to searching at that time or not, I don't know.  
 22 **Q.** When you first arrived at the scene, I think medical  
 23 treatment was being provided.  
 24 **A.** Mm-hm.  
 25 **Q.** Your supervisor was PS Hallam.  
 67

1 our own channel for operational support free for any  
 2 other incidents.  
 3 **Q.** We heard the message just then, it said, "Given the  
 4 severity"; what did you anticipate you were going to be  
 5 attending?  
 6 **A.** Serious injuries. So either helping with first aid, if  
 7 that was still required when we got there, or locating  
 8 and detaining a suspect.  
 9 **Q.** I'm going to play you one further audio clip. I'm going  
 10 to ask that it begins at the beginning but, please, if  
 11 it could be stopped after 29 seconds, and that's  
 12 NGPF0004732.  
 13 **(Audio played)**  
 14 Thank you. That's PC Speeden at around 4.11.  
 15 **A.** Mm-hm.  
 16 **Q.** Is that a message that you heard when you were on your  
 17 way to the scene?  
 18 **A.** It would have been broadcast. I'm sure I would have  
 19 heard it. I don't remember hearing it.  
 20 **Q.** Did you have a view at that stage as to whether somebody  
 21 should be looking for the perpetrator?  
 22 **A.** I would have thought so. That is a -- it's our role,  
 23 isn't it? It's either going to be first aid comes  
 24 first. If there's enough resources dealing with that,  
 25 we want to catch the person's that's done it. So that's  
 66

1 **A.** Yeah.  
 2 **Q.** Where was he at that point?  
 3 **A.** I now know he was providing first aid at that time.  
 4 **Q.** You spoke to PC Speeden. At paragraph 25 of your  
 5 witness statement, we don't need to go to it, but  
 6 I think you said that he tasked you with an area search.  
 7 **A.** *(Witness nodded)*.  
 8 **Q.** Is that usual for a fellow officer, for a firearms  
 9 officer to task you?  
 10 **A.** Yeah, on firearms we would expect, whether it was him  
 11 being an OFC or the sergeant or any other PC, if they're  
 12 already at that scene, they can see what's happening.  
 13 They can make a judgement of what needs to be done, and  
 14 if they've got what was happening there under control it  
 15 makes sense for us to start looking, looking to catch  
 16 the suspect.  
 17 **Q.** I'm going to play you two more short audio clips. It's  
 18 NGPF0004748 and then NGPF0004749, please.  
 19 **(Audio played)**  
 20 This is around 4.24, and it's Talkgroup 1199. We've  
 21 heard PC Speeden asking to be updated on the search.  
 22 PC Yallop alerts officers that there's video footage.  
 23 What we don't hear in this call is an updated  
 24 description and updated location or another location.  
 25 So we've heard evidence of reference being made to the  
 68

1 perpetrator being all in black, fat build, going up  
 2 Ilkeston Road, turning left into the estate, Hopedale --  
 3 a reference to Hopedale Close. Were you aware of those  
 4 references at that point in time?  
 5 **A.** Not all of that at that time, no.  
 6 **Q.** I mean Hopedale Close, for example, were you aware of  
 7 that location at that time?  
 8 **A.** I don't recall hearing that one at all, no.  
 9 **Q.** If we could play, please, NGPF0004751.  
 10 (Audio played)  
 11 So that's 4.26. PC Speeden has informed PC Yallop  
 12 and yourself, both in the same vehicle, Ilkeston Road  
 13 back up towards the city.  
 14 **A.** Mm-hm.  
 15 **Q.** Was that the area that you were going to be searching?  
 16 **A.** Yes, yeah, that's the information I remember receiving.  
 17 So that was the general area that we went towards.  
 18 **Q.** Had you received at that stage any communications, or  
 19 were you aware of any communications, irrespective of  
 20 whether you had received them or not, that referred to  
 21 Hopedale Close, so far as you can recall?  
 22 **A.** No, no.  
 23 **Q.** Can we please bring up to screen NGPF0008785, and we're  
 24 going to look at page 10.  
 25 If we could zoom into that map, it's a map of your

69

1 searching towards the city, but we were travelling to  
 2 the scene to get as close as possible to help there or  
 3 help elsewhere if not required.  
 4 **Q.** We see the vehicle go down to Ilkeston Road. Were you  
 5 aware of anybody coordinating the search in respect of  
 6 where various vehicles should have been looking?  
 7 **A.** No, other than what PC Speeden had said to us, I don't  
 8 recall any other instructions to vehicles.  
 9 **Q.** If we look on the right-hand side of the screen, there's  
 10 an area, it says "... searched between 4.40... and  
 11 5.10..." and that's in the cathedral and Park Tunnel  
 12 area.  
 13 **A.** Mm-hm.  
 14 **Q.** What do you recall of that?  
 15 **A.** I believe we focused more on the area due to the phone  
 16 call that came in regarding another job, regarding the  
 17 female that was screaming. And obviously we've made  
 18 an assumption that that may be linked. So it made  
 19 sense, with no other information, to focus on that area.  
 20 **Q.** Had you been asked to go and look in that area by  
 21 somebody?  
 22 **A.** We had, yeah. So initially we were heading that way  
 23 anyway due to the inbound route from the scene to the  
 24 city. At some point along there we were then asked to  
 25 look at the other incident regarding the screaming

71

1 location with PC Yallop.  
 2 **A.** Mm-hm.  
 3 **Q.** I'm just going to start by looking at box number 75,  
 4 that's in the top right-hand corner. We can see there  
 5 at 4.25 you were -- in the top of our screen.  
 6 **A.** Mm-hm.  
 7 **Q.** By 4.26, we can see a box 83, which is to the left,  
 8 along Gregory Boulevard.  
 9 **A.** Mm-hm.  
 10 **Q.** So it seems as though at this point in time you were  
 11 going west -- in a westbound direction.  
 12 **A.** This would have been our route in from the north, we'd  
 13 have come Mansfield Road and then across towards the  
 14 scene.  
 15 **Q.** Thank you, and you were very -- travelling at a similar  
 16 path to VC, albeit in the opposite direction, down  
 17 Gregory Boulevard; is that right?  
 18 **A.** Yeah, although a good time apart.  
 19 **Q.** Different times?  
 20 **A.** Yes.  
 21 **Q.** Yes, absolutely. Was anyone directing you at this stage  
 22 as to where you might be looking?  
 23 **A.** No. I believe at this point it was just a case of  
 24 getting to the scene and then establishing -- I'm not  
 25 sure at which timing on this we were told to start

70

1 female.  
 2 **Q.** Do you recall who by?  
 3 **A.** I think it was the Control Room. I don't know who by.  
 4 **Q.** I'm going to take you to another document it's  
 5 NGPF0010754. It's another map, and if we could turn to  
 6 page 9. So after the cathedral area search.  
 7 We can see that this is the location of your  
 8 vehicle. At the bottom left-hand side, row 209, we can  
 9 see where you were at 5.13.  
 10 **A.** Mm-hm.  
 11 **Q.** Then 215, so the box above, 215, at 5.14, heading  
 12 northbound.  
 13 **A.** Mm-hm.  
 14 **Q.** On the bottom right-hand side we can see box 220, 5.19,  
 15 and essentially heading up north towards the base.  
 16 **A.** Mm-hm.  
 17 **Q.** The first van attack happened at 5.22, and you were at  
 18 that stage heading north up Mansfield Road. We can see,  
 19 for example, box 230 on the left-hand side towards the  
 20 top.  
 21 **A.** Mm-hm.  
 22 **Q.** Is that right?  
 23 **A.** Yes, that's correct.  
 24 **Q.** In fact we know that there were -- all three ARVs were  
 25 heading northbound at that time.

72

1 A. Mm.

2 Q. Had anyone directed you to do that?

3 A. I do not remember.

4 Q. We've heard that that would have left, on that  
5 particular day, the centre of town without an ARV?

6 A. Mm-hm.

7 Q. Does that cause you any concerns?

8 A. Not at that time of morning on any other shift, or on  
9 that shift. We would usually -- we do hand over at  
10 7 am. There isn't any overlap for ARVs on that night  
11 shift. So I would say on average, around about 5.30,  
12 people are thinking about going in, we need to fuel  
13 cars, de-kit cars, and then getting closer to six, half  
14 six, think about getting weapons out, unload all the  
15 weapons and then get everything ready to hand over to  
16 the day shift who will be on just before 7.

17 On top of that that, the cars that have been doing  
18 first aid obviously had equipment missing from them  
19 cars, so we had to source first aid kits, check them  
20 over, reload the cars ready for the day shift to come  
21 on.

22 Q. Thinking about lessons learnt from this incident, we  
23 know that there were significant events in the centre of  
24 town at that time. Do you think that it is sensible for  
25 all three vehicles to go back to base at the same time,

73

1 envisage that but if someone's got the intent to cause  
2 serious harm and actually kill two people, if you were  
3 ever going to have an authority that's it. Just because  
4 it's a knife, I don't understand why the authority  
5 wasn't on from the start. Then even if we were doing  
6 first aid, we would have had the capability to respond  
7 to something and that offender could have come back to  
8 the scene".

9 This is on the issue of armed authority?

10 A. Mm-hm.

11 Q. Do you share PC Speeden's view?

12 A. Yeah, as a firearms officer, with any incident with  
13 weapons and serious violence I would always prefer to be  
14 at armed authority. But I am not in the position that  
15 the people in the Control Room are, I don't have all the  
16 information they have when they're making them  
17 decisions, and I'm not always aware of why they may or  
18 may not be going into armed authority.

19 Q. If we can turn to a debrief that took place shortly  
20 after, it's NGPF0007689. Did you attend this debrief?

21 A. I did, yes.

22 Q. Do you recall whether you were told that it was going to  
23 be audio recorded or not?

24 A. I don't recall.

25 Q. We've looked at page 2 at the top. We'll go back to

75

1 or do you think that it might be better to leave the  
2 city centre covered at that time?

3 A. It would definitely be better.

4 Q. Could we please turn to WITN0407001, this PC Speeden's  
5 witness statement, and if we could turn to page 21,  
6 please, paragraph 48 onwards. I don't know if you have  
7 had a look at this already.

8 A. Yeah, I have been given it. I've had a very quick skim  
9 through some of it.

10 Q. If I can read to you, then, some comments that were made  
11 by PC Speeden on the day of the incident. He says,  
12 actually, if I could scroll up slightly to 46. He feeds  
13 back the following to PC Wilkinson, he says:

14 "Well obviously, it's always the victim as they are  
15 top of our working strategy, it doesn't mean that we  
16 can't do our armed capability at the same time. My  
17 thought always in my head was, how do we know that this  
18 isn't just a stranger attack and this person isn't just  
19 going to wander off and do it to someone else? Which is  
20 what has ended up happening."

21 Then, if we scroll down, he says:

22 "I feel, mmmm not let down but I feel ... "

23 Then PC Wilkinson then said:

24 "You've kind of had your suspicions proved right.  
25 ... It's not about the Op Plato at all as no one can

74

1 that, please. There is Chief Inspector Mather, he says:

2 "Remember a challenge.

3 "Priority at this point was towards first aid and  
4 victim".

5 PC Speeden said:

6 "Requested the consideration for armed authority  
7 based on 'multiple' stab wounds when confirmed as  
8 a second victim.

9 "Vic is priority even if it's a firearms job.

10 "Challenge around victim being the priority but [if  
11 it's] ... a [firearms] ... job there is priority on the  
12 victim".

13 Then, asked to expand, he said:

14 "Initial assessment was multiple stab wounds.

15 "For me it's spinning the wheel -- otherwise so  
16 dangerous description with unknown intent."

17 What did you understand that to mean?

18 A. I'm not sure what he means by that.

19 Q. Chief Inspector Mather said:

20 "Our working assumption was a robbery gone wrong or  
21 attempted robbery gone wrong".

22 PC Speeden says:

23 "[Information/intelligence] ... would indicate  
24 offender at large."

25 Then Chief Inspector Mather said:

76

1 "What made you assume it was a robbery".  
 2 And he says: "Based on calls."  
 3 Just pausing there, what was your view as to whether  
 4 it was a robbery or not?  
 5 **A.** Honestly, I didn't have an opinion at that point.  
 6 I knew there was two people serious injured. I knew  
 7 someone had done that deliberately. My thought is we  
 8 need to catch this person, because he may be going on to  
 9 do that to someone else. Why he's done it, at that  
 10 point, isn't something I would have thought about.  
 11 **Q.** He then says:  
 12 "Based on calls."  
 13 Then it says:  
 14 "General discussion on Armed Authority with  
 15 contributions from OFC and TFCs. Each describing their  
 16 NDMs."  
 17 As I said, we're going to speak to PC Speeden and  
 18 others.  
 19 **A.** Mm-hm.  
 20 **Q.** Can you assist us with your recollection? Were there  
 21 other officers, other armed officers who shared the view  
 22 of PC Speeden in respect of armed authority?  
 23 **A.** I believe so, and like I say, generally we would always  
 24 rather be armed authority in this type of job, and  
 25 there's benefits to that. We've got more equipment

77

1 generally we are a bit more structured. We will have  
 2 the OFC know he's got three or four cars, specifically  
 3 task them to certain areas. If we've got a zone we're  
 4 working on, we can split that up and know I've got that  
 5 part, you've got that part, and try and cover every  
 6 road. It doesn't guarantee we won't miss somebody.  
 7 Obviously, the suspect is moving, they could come down  
 8 a road you've just passed and you've missed them. And  
 9 in this scenario I think the two cars were tied up with  
 10 first aid, and if we had gone to authority at that point  
 11 they couldn't have just dropped everything and left, as  
 12 far as I'm aware. So it still would have left my car on  
 13 its own.  
 14 **Q.** If there came a time where those cars would have been  
 15 available and you had three cars searching, you've  
 16 described zoning.  
 17 **A.** Mm-hm.  
 18 **Q.** Can you assist us with what that involves?  
 19 **A.** So we could have -- it would normally be the OFC  
 20 commanding that. We would look at that area, the map.  
 21 We would probably know the local area and say, for  
 22 example, if you take Ilkeston Road to Derby Road, work  
 23 northbound, the next person take Derby Road to the next  
 24 major route, working out to the east. Something to that  
 25 effect, just to make sure you've at least passed most

79

1 available to us. If we are doing first aid on someone  
 2 and the offender did pop out of an unknown area, we can  
 3 react to that with more equipment, with more people,  
 4 maybe with more tactics available to us. But at the  
 5 same time it doesn't stop us doing first aid, doing area  
 6 searches, and in some ways, going to armed authority can  
 7 slow us down a little bit because we don't have weapons  
 8 made already in gun boxes; we have to find a suitable  
 9 location to stop, get the equipment out, make the  
 10 weapons ready, get helmets on, potentially get plates  
 11 out of the boot, put them in our vests.  
 12 So sometimes it does slow us down.  
 13 **Q.** We've heard that you were asked to search in  
 14 a particular area by PC Speeden. We've seen that armed  
 15 authority can lead to greater organisation of armed  
 16 officers --  
 17 **A.** Mm-hm.  
 18 **Q.** -- and can provide a more effective coordination,  
 19 specifically tasking armed officers.  
 20 **A.** Mm-hm.  
 21 **Q.** Do you think that the searches that were being carried  
 22 out may have been improved if that armed authority had  
 23 been given, irrespective of whether the armed authority  
 24 itself was necessary?  
 25 **A.** So when we do a search at armed authority, I do find

78

1 roads in each area at least once.  
 2 **Q.** So we heard PC Speeden give you an area to search over  
 3 the radio earlier.  
 4 **A.** Mm-hm.  
 5 **Q.** Would it have been him, then, who provided that  
 6 coordination at the scene?  
 7 **A.** If we'd gone to armed authority, he would have then been  
 8 the operational firearms commander from that point. So  
 9 yes, it would have been him.  
 10 **Q.** In your experience then, is it a moment at which the  
 11 armed officers pause, have a look at likely areas, and,  
 12 as you say, the OFC then sends you in different  
 13 directions to cover as large a space as possible?  
 14 **A.** If possible, yeah, depending on the scenario, and  
 15 obviously, as I've said, victims would always come  
 16 first. So I would imagine they wouldn't have had  
 17 a chance to pause at that point; it would have been as  
 18 soon as we've got things as stable as we can get them,  
 19 hand over to EMAS. They can then get relieved and start  
 20 looking at maps and start working out what's best, where  
 21 to go next.  
 22 **Q.** Thank you. Then finally, I just want to ask you about  
 23 the arrest itself.  
 24 **A.** Mm-hm.  
 25 **Q.** We've seen the video footage, I don't need to bring that

80

1 back up. You'd found VC in his van. How did you know  
 2 where to find him?  
 3 **A.** Listening to PC Yallop, who was listening to at least  
 4 two different radio channels. So I was made aware  
 5 a police officer has got behind that van, stopped to  
 6 give first aid. Another police officer has then located  
 7 the van, and that led us to its final position.  
 8 **Q.** In the video that we've seen, the van appears to be  
 9 stationary. Can you tell us, was the van blocked in?  
 10 Had it simply stopped? Or what was the situation?  
 11 **A.** He'd stopped. I don't know why. He had stopped and  
 12 he was sat in the front, holding a knife.  
 13 **Q.** Would it, in your view, been possible for him to have  
 14 continued with regard to where the other vehicles were  
 15 at that time?  
 16 **A.** Yes, yeah. There was no reason -- my consideration was  
 17 he'd seen the marked car behind him and was possibly  
 18 waiting for them to approach in order to attack them.  
 19 **Q.** I think you approached the vehicle and ultimately  
 20 arrested him.  
 21 **A.** Mm-hm.  
 22 **MR BLAKE:** Thank you. Those are all the questions that  
 23 I have.  
 24 **THE CHAIR:** Yes, Mr Moloney. Thank you.  
 25 **Questioned by MR MOLONEY**  
 81

1 challenging that.  
 2 **Q.** Precisely, but as a unit of ARVs working together, it  
 3 would be for the OFC to be in contact with the FCR to  
 4 ask about armed authority.  
 5 **A.** Yes.  
 6 **Q.** And the OFC on that day was PC Speeden.  
 7 **A.** Mm-hm.  
 8 **Q.** Even though there was a sergeant, it isn't always the  
 9 most senior officer in rank who is the OFC for that day,  
 10 is it?  
 11 **A.** No.  
 12 **Q.** That's why it's PC Speeden.  
 13 **A.** Mm-hm.  
 14 **Q.** Naturally, with the serious incident you were dealing  
 15 with, when you were called to Ilkeston Road, did you get  
 16 there quite quickly?  
 17 **A.** Yes, yeah. We would have been on blue lights and  
 18 sirens, as quick as we could get there.  
 19 **Q.** Quick as you could get there, blue lights and sirens.  
 20 Do you know the streets of Nottingham? It may be  
 21 a silly question to ask.  
 22 **A.** Somewhat, yes.  
 23 **Q.** It would be a matter of record, but would you go past  
 24 the Goose Fair roundabout and did you go past the Goose  
 25 Fair roundabout on the way down to --  
 83

1 **MR MOLONEY:** Thank you, Chair.  
 2 Police Constable Bower, just a very few questions.  
 3 You said in answer to questions from Mr Blake that  
 4 first aid comes first.  
 5 **A.** Yeah.  
 6 **Q.** Particularly as somebody who is crewing an ARV.  
 7 **A.** Mm-hm.  
 8 **Q.** But if there are enough resources dealing with first  
 9 aid, then, as officers, we should be getting on with the  
 10 search.  
 11 **A.** Yes.  
 12 **Q.** Yeah. But that decision is a decision, you would say,  
 13 for the FCR, the Force Control Room, rather than you  
 14 ordinarily in an incident like this.  
 15 **A.** They'd be best placed to direct staff, but there's  
 16 nothing stopping us making that decision if we know  
 17 we're not needed.  
 18 **Q.** If you know you're not needed at the --  
 19 **A.** Yes.  
 20 **Q.** -- and essentially liaising with Force Control Room to,  
 21 for example, ask about armed authority and to go off and  
 22 search.  
 23 **A.** We wouldn't ask. Generally, we'd let the OFC, if they  
 24 had a concern. The OFC may say, "Sir, are you sure?  
 25 Have you considered this?" As ARVs we wouldn't be  
 82

1 **A.** I believe so, yeah.  
 2 **Q.** You've said you don't remember hearing anything about  
 3 the potential for the offender to have gone towards  
 4 Hopedale.  
 5 **A.** No, I don't remember that road name being passed.  
 6 **Q.** If you'd heard that, then that might have been something  
 7 that would be important to you when driving down and  
 8 going past Goose Fair.  
 9 **A.** Mm-hm.  
 10 **Q.** You might be looking out for the offender then.  
 11 **A.** Yeah.  
 12 **Q.** You say that when you arrived at Ilkeston Road,  
 13 ambulances were already in attendance, and then you were  
 14 tasked with an area search by PC Speeden; is that right?  
 15 **A.** That's correct.  
 16 **Q.** Yeah. Do you have any good idea as to what time you did  
 17 cross Ilkeston Road and see the ambulances in  
 18 attendance?  
 19 **A.** I've put it in my statement, after referring back to the  
 20 log. I believe it was about 4.26.  
 21 **Q.** Thank you, and there were two ambulances there?  
 22 **A.** I believe so, yes.  
 23 **Q.** And a large number of officers.  
 24 **A.** Mm-hm.  
 25 **Q.** Just to clarify, did you speak to PC Speeden in person  
 84

1 once you were there or were you tasked on the radio?  
 2 **A.** It was on the radio. We didn't even stop. We drove  
 3 across Ilkeston Road and looked up, and carried on.  
 4 **Q.** In accordance with what had been suggested to you to go  
 5 on that search into town --  
 6 **A.** Yeah.  
 7 **Q.** -- basically.  
 8 **A.** Yeah.  
 9 **Q.** It's in your statement. I don't ask for it to be put  
 10 up, just to save time, but you received the call to go  
 11 to the cathedral area at 04.44. Does that --  
 12 **A.** Yeah, I believe so.  
 13 **Q.** Yeah. So you were still in the area of, as it were, if  
 14 I can use this generic term, Ilkeston Road towards the  
 15 city centre at 4.44.  
 16 **A.** Mm-hm.  
 17 **Q.** You stayed searching in that area. After getting that  
 18 call, you went to the cathedral?  
 19 **A.** We did, yes.  
 20 **MR MOLONEY:** Thank you very much, PC Speeden.  
 21 **THE CHAIR:** Thank you. Ms Cartwright. Thank you.  
 22 **Questioned by MS CARTWRIGHT**  
 23 **MS CARTWRIGHT:** Good afternoon, PC Bower.  
 24 PC Bower, can I ask you first of all about what  
 25 you've told us in your witness statement. Can we just

85

1 stop, then seconds count.  
 2 **Q.** But equally, would you agree that there was only three  
 3 ARVs resources available at that time that had the  
 4 training and the expertise to locate suspects and to use  
 5 lethal force if needed?  
 6 **A.** Yes, there's only us three with the equipment and  
 7 training we've got, but it doesn't stop other officers  
 8 searching using taser, using other officer safety  
 9 techniques --  
 10 **Q.** But it's right, isn't it, that you've already dealt with  
 11 the fact that you can do zoning searches --  
 12 **A.** Mm-hm.  
 13 **Q.** -- as ARVs; is that correct?  
 14 **A.** Yeah.  
 15 **Q.** Is it right also that one of the tactics that armed  
 16 response officers are trained in is that you work as  
 17 teams even on mobile armed support to surveillance, so  
 18 you were well used to working collaboratively and in  
 19 a structured way --  
 20 **A.** Mm-hm.  
 21 **Q.** -- on deployments; would you agree?  
 22 **A.** Yeah.  
 23 **Q.** Now, you've also referenced that what would have  
 24 happened if an armoured authority had been given and  
 25 you've already set out that PC Speeden was the OFC that

87

1 go to paragraph 77, please, which is your ... sorry.  
 2 I'm very grateful. So paragraph 77, please. I think  
 3 it's page 19. Thank you. You tell us that you were  
 4 involved in the debrief, paragraph 77, and you actually  
 5 tell us that the debrief was audio recorded. Can you  
 6 recall that?  
 7 **A.** I must have known that if I've put it in my statement,  
 8 yeah.  
 9 **Q.** But you certainly have a recollection it was audio  
 10 recorded because I don't think we've been supplied with  
 11 the audio recording?  
 12 **A.** I've never heard it, no.  
 13 **Q.** All right. Okay. Now, you've obviously dealt with your  
 14 involvement. Now, you've obviously said that two of the  
 15 ARVs were then used for first aid, but as a principle,  
 16 perhaps from multi-agency working, would you agree that  
 17 it was for the control to ascertain how near the  
 18 specialist ambulance services were to understand the  
 19 priority for whether the much better use of the ARVs was  
 20 to be working as a team, as you'd been trained to do, to  
 21 locate suspects?  
 22 **A.** Yes, but if there's any chance we would get there first,  
 23 it's always worth going there first --  
 24 **Q.** I appreciate that --  
 25 **A.** -- because if there's a catastrophic bleed that we can

86

1 night?  
 2 **A.** Mm-hm.  
 3 **Q.** So to an extent you weren't in a command position, you  
 4 were essentially one of the officers that would have  
 5 been commanded by the OFC, the TFC, and the SFC?  
 6 But by reason of your training would you agree that  
 7 if a firearm authority was given, it results in  
 8 consultation with the strategic firearm commander to  
 9 come up with a strategic plan with the tactical firearm  
 10 commander, but also with the ability to have the bespoke  
 11 advice of a tactical advisor?  
 12 **A.** Yes. But not always immediately. That could come  
 13 later, depending on threat to the public.  
 14 **Q.** But would you agree that that essentially, when  
 15 a firearm authority is given, also then feeds into an  
 16 appropriate briefing to the firearm officers as to  
 17 what's known at that time?  
 18 **A.** Again, yes, depending on the immediate threat. It may  
 19 be a condensed briefing if we need to act immediately.  
 20 **Q.** So can I ask you, in terms of, then, the immediate  
 21 threat, particularly around the decision making that was  
 22 taken for you to go back to base after you performed the  
 23 search near the cathedral and the park, was it known to  
 24 you the severity of the injuries that had been caused to  
 25 Wayne and Barney?

88

1 A. Yes.

2 Q. -- sorry, not Wayne, sorry, to Grace and Barney?

3 A. Yes.

4 Q. To that extent, I think would you also have known that

5 at that stage the intelligence was that you were aware

6 of, that that individual was heading towards the city

7 centre?

8 A. That was the only direction we'd been given, yes, that I

9 was aware of.

10 Q. So I think you gave evidence a moment ago that on that

11 night it was appropriate for then you to head back to

12 base, I think getting ready, essentially, for the end of

13 your duties. But would you agree at that time when you

14 did head back up to force headquarters, there was still

15 an armed and dangerous individual at large where, to the

16 best of your knowledge, he was heading towards the city

17 centre?

18 A. There was, but with the amount of time it had been, he

19 could have been anywhere in any direction across a lot

20 of the county, and it's a bit of a -- it's a search we

21 can do, but it's pure chance if we come across him at

22 that point.

23 Q. But were you aware that there was a policy that

24 indicated that there should be cover in the city centre?

25 A. There is, but we don't have the staff to maintain that

89

1 A. Mm-hm.

2 Q. -- in a very particular way? If you had been given the

3 intelligence and information that the suspect had headed

4 the opposite way, would you agree you would have done

5 a similar thing to the left of Ilkeston Road up towards

6 Hopedale Drive and beyond?

7 A. Yes.

8 Q. Now you've referenced in your statement about the use of

9 a drone. Would you also agree that if a firearms

10 authority was given, that it's highly likely that a

11 drone would have assisted the firearms officers in their

12 search, as well?

13 A. Yes, they would of.

14 Q. That also would have given an oversight to assist you in

15 your search; would you agree?

16 A. Yes, but I know drone can operate without a firearms

17 authority. They could have used the drone --

18 Q. I know and that's what --

19 A. -- (*overspeaking*) -- in that area.

20 Q. -- I want to be clear about because you do reference the

21 drone, but you were aware that the drone hadn't even

22 been put up near to where you were searching?

23 A. No, I think my only reference was that I was aware the

24 drone officer was in the area, driving, assisting with

25 a search of the area.

91

1 24 hours a day.

2 Q. But in terms of that particular night, where there had

3 been this truly exceptional attack with intelligence,

4 this individual was heading to the city, would you agree

5 that that really should have been the night, as accepted

6 by Officer Mather, where there should have been an armed

7 response presence in the city centre?

8 A. That would have made sense.

9 Q. Now can I ask you, because it seems that it took from

10 about 5.14 to 5.26 to get back to headquarters? So

11 I think it's only about two miles where you last picked

12 up on. Can you assist us as to why it took so long to

13 get back to headquarters?

14 A. No, I don't recall the route we took on that night.

15 Q. All right. Then you've indicated and already agreed

16 that you didn't have knowledge about the location of

17 towards Hopedale Drive and I think --

18 A. (*Witness nodded*).

19 Q. -- so essentially the opposite, so to the left, to the

20 right where you searched; would you agree?

21 But certainly if you see what you've done now, we've

22 got the longitude and latitude, you drove near the

23 cathedral and down by the (*unclear*) almost in

24 a strategic backwards and forwards motion, would you

25 agree up, and down the streets --

90

1 Q. You have indicated that you were heading back up to get

2 ready to prepare yourself to go off-duty but also to

3 assist your colleagues.

4 A. Mm-hm.

5 Q. But were you aware also that some of the next armed

6 response officers were already in place in the gym

7 getting ready before their shift started?

8 A. No, I wasn't aware of that.

9 Q. So would you agree, in terms of what the Control Room

10 should have been doing it should also have been checking

11 whether additional firearms resources were available?

12 A. This was before the van incident. So I don't think

13 that's something they would have done at that point.

14 Q. Right.

15 A. There wasn't a necessity to bring more firearms on duty

16 at that point.

17 Q. But can I ask you in circumstances where the FIM had

18 chosen to essentially take up two of the armed response

19 vehicles, because they'd been contaminated by assisting

20 with first aid, would you agree that there should have

21 been thought given to additional resources and armed

22 response resources?

23 A. Again, that would make sense.

24 Q. Then can I ask you, you've said you have not had bespoke

25 Operation Plato training.

92

1 A. No, we have. I've not taken part in an exercise that I  
2 can remember --

3 Q. So you've never -- sorry, I didn't mean to interrupt  
4 you.

5 A. That's okay.

6 Q. So you've never, as part of the time you have been  
7 a firearms officer at Nottingham Police, done any  
8 training for an Operation Plato.

9 A. Physical training?

10 Q. As in a live exercise?

11 A. Yes, I have.

12 Q. You have?

13 A. Yes.

14 Q. Just give me an idea, then, when did you have that  
15 exercising?

16 A. End of my initial firearms course, which would have been  
17 around August 2021. I remember we did an exercise at a  
18 shopping centre in Mansfield where it simulated armed  
19 men --

20 Q. Right.

21 A. -- shooting multiple people in the supermarket, and we  
22 were there to confront and detain.

23 Q. Has there been any subsequent live exercise and training  
24 of Operation Plato since that time?

25 A. There has. I can't recall taking part in one myself but

93

1 A. Do we know how long after it was declared? I'm just  
2 thinking where I was at that time.

3 Q. (*overspeaking*) -- I think it would be after 7 o'clock,  
4 to be fair?

5 A. Oh no, then.

6 Q. You'd have paraded off then?

7 A. I'd have still been at work because we had a lot of  
8 things to do, writing statements, et cetera, but  
9 I wouldn't have been involved in the operational side  
10 of it.

11 Q. All right.

12 A. Although -- I'm trying to recall where I was at that  
13 time. It might be that we were still on the Market  
14 Square because we would have been kept on, based on what  
15 had happened.

16 Q. I won't ask you further questions about that, then.

17 A. Okay.

18 **MS CARTWRIGHT:** Thank you for answering my questions.

19 **THE WITNESS:** No problem.

20 **THE CHAIR:** Yes, Mr Beggs.

21 **Questioned by MR BEGGS**

22 **MR BEGGS:** Yes, Officer, although you're trained with  
23 firearms, you also, in common with your AFO colleagues,  
24 perform ordinary response duties as well.

25 A. Mm-hm.

95

1 I know they're things that do come up throughout the  
2 years' training.

3 Q. Do you remember if there was any bespoke training after  
4 the publication of the Manchester Arena Inquiry report  
5 around Operation Plato?

6 A. I'm not sure.

7 Q. Can I ask you then that night, when Operation Plato was  
8 declared, were you made aware where the rendezvous point  
9 was?

10 A. If I was, I don't recall it.

11 Q. Were you made aware where the forward command point was?

12 A. Again, if I was, I don't recall it.

13 Q. Were you told what the various zones were for the  
14 locations of the attacks, whether they were warm, hot or  
15 cold?

16 A. I don't recall.

17 Q. Now we have, from the footage of the Control Room, the  
18 briefing that was ultimately given to the firearm  
19 officers, after Operation Plato was declared, and were  
20 you aware that still at that time Officer Mather was  
21 saying that the suspect was likely 50 years of age?

22 A. At what time was that, sorry?

23 Q. So this was after Operation Plato had been declared and  
24 when additional resources from firearmed resources  
25 I think from Derbyshire were now assisting?

94

1 Q. So you contribute to the overall Nottinghamshire Police  
2 uniformed response in the streets.

3 A. Yes.

4 Q. The difference between you and response officers is you  
5 carry side arms and carbines.

6 A. Mm-hm.

7 Q. You're very highly trained for their use.

8 A. Mm-hm.

9 Q. As you've told a number of counsel you also have  
10 enhanced first aid training --

11 A. Yes.

12 Q. -- and equipment that ordinary response officers do not  
13 have, first aid equipment.

14 A. Yes, that's correct.

15 Q. Might it be fair to say that because of the nature of  
16 your armed duties dealing with dangerous and violent  
17 people, that perhaps you're also more experienced to  
18 deal with trauma, as a general proposition?

19 A. Yes.

20 Q. Is that fair?

21 A. Yes, yeah, we deal with a lot of trauma, a lot of  
22 serious injuries.

23 Q. Serious injuries, and also serious violence --

24 A. Mm.

25 Q. -- or threat of violence.

96

- 1 A. Yes.
- 2 Q. Yes. When you arrived at the scene, at Ilkeston Road,  
3 your OFC pretty much immediately tasked you to search.
- 4 A. Yes.
- 5 Q. He did that on the radio, which had the beneficial  
6 effect that there was no prospect of you being  
7 forensically contaminated by his involvement at  
8 number 316.
- 9 A. Yes.
- 10 Q. Does an AFO have any special search training, or does he  
11 or she simply apply their common sense?
- 12 A. To an area search?
- 13 Q. Yes.
- 14 A. Unarmed, no. It's just a search, yeah. It's common  
15 sense.
- 16 Q. Did you, for everyone's understanding, did you look hard  
17 for a black male potentially dressed in black clothing?
- 18 A. We did.
- 19 Q. Did you want to find him at that point?
- 20 A. Of course.
- 21 Q. Then, after that initial search, you told us for about  
22 25 minutes you were searching, I'll call it, the  
23 cathedral area.
- 24 A. Yeah.
- 25 Q. Again, were you searching intensively at that point?

97

- 1 objectives in doing that were to re-kit?
- 2 A. Yes.
- 3 Q. That means ensure that everyone had the requisite  
4 medical equipment on board.
- 5 A. Mm-hm.
- 6 Q. Also re-fuel? And also to -- I don't wish to be  
7 indelicate, but for your colleagues to clean up so that  
8 they are ready for --
- 9 A. Yeah, and to offer them any support they might need, or  
10 any help with any further admin they've got.
- 11 Q. When the call went out following what we know to be the  
12 second running down event, I think you performed  
13 an ordinary drive of 15 to 20 minutes in six minutes.
- 14 A. Yes.
- 15 Q. But although you were driving quickly, you still had to  
16 drive safely --
- 17 A. Mm-hm.
- 18 Q. -- because Nottingham was slowly coming to life at that  
19 point.
- 20 A. Mm.
- 21 Q. Is that right?
- 22 A. Yeah.
- 23 Q. Now, just in relation to the arrest itself, you were the  
24 one that parked your vehicle so as to prevent VC  
25 emerging from the driver's door?

99

- 1 A. Yes.
- 2 Q. Did you see anything untoward during that lengthy  
3 search?
- 4 A. No.
- 5 Q. Did you see anything of the female that had been  
6 reported screaming?
- 7 A. No.
- 8 Q. Did the absence of armed authority in any way inhibit  
9 that searching?
- 10 A. I don't believe so.
- 11 Q. What about the previous shorter search that OFC Speeden  
12 had asked you to do; did it inhibit that?
- 13 A. No, as I say, it would be nice to have all three ARVs  
14 working together, but I don't believe at that exact time  
15 they could have been freed up from the scenario they  
16 were in.
- 17 Q. No, because you now realise, don't you, that two of the  
18 ARVs were heavily involved in first aid?
- 19 A. Yes.
- 20 Q. And extensively involved?
- 21 A. Mm-hm.
- 22 Q. You fully understand, don't you, that forensically they  
23 were seriously contaminated?
- 24 A. Yes.
- 25 Q. When you started to head back to HQ at about 5.15, your

98

- 1 A. Yes.
- 2 Q. That was a deliberate tactic on your part?
- 3 A. Yeah.
- 4 Q. It meant, of course, that your colleague was also  
5 slightly inhibited, wasn't he?
- 6 A. Unfortunately, yes.
- 7 Q. That meant that you had to get out --
- 8 A. Mm-hm.
- 9 Q. -- and you were met with, on one view of the events,  
10 quite a menacing move of VC's van reversing?
- 11 A. Mm-hm.
- 12 Q. Did you form a view as to what he might be doing there?
- 13 A. Yes, so as I've exited, I've pulled up next to him,  
14 initially, seen him with the dagger in his hand. I've  
15 then exited onto the rear thinking I'll pass without him  
16 seeing me, get the passenger door open and the van,  
17 I think, has lurched backwards, yes.
- 18 Q. So we can see it on the video.
- 19 A. So not wanting -- the timing made me think he knows I'm  
20 here, he's trying to hit me with the van. So ran around  
21 the front so I can watch what he's doing as I moved past  
22 the vehicle.
- 23 Q. When you went to confront VC, who you knew to be very  
24 obvious, is that fair --
- 25 A. Mm-hm.

100

1 Q. -- you didn't even draw your side arm at that point --  
 2 A. No.  
 3 Q. -- because you grade the level of force required  
 4 incrementally?  
 5 A. Mm-hm.  
 6 Q. So you merely -- I say merely, but you deployed your  
 7 taser?  
 8 A. Yes.  
 9 Q. A less lethal option?  
 10 A. Mm-hm.  
 11 Q. Hopefully non-lethal; yes?  
 12 A. Yes.  
 13 Q. You discharged it almost immediately --  
 14 A. Yeah.  
 15 Q. -- for reasons nobody will criticise.  
 16 When you took hold of -- were part of the arrest of  
 17 VC, did you smell any alcohol on his breath?  
 18 A. Not that I can recall.  
 19 Q. Did you smell any drugs about his person or in the van?  
 20 A. No.  
 21 Q. How would you describe his state of mind, so far as you  
 22 could tell as an arresting officer?  
 23 A. He was very focused, no real emotion on his face.  
 24 Q. As we saw from the video, pretty much as far as I could  
 25 tell, the only thing he said to you was "Fuck you"?

101

1 **THE CHAIR:** At the end of the road, there was no, for  
 2 example, bollards, or something that would have  
 3 prevented passing.  
 4 A. No, the dog officer's car was across the road at the  
 5 end. I'm not -- I don't know if there would have been  
 6 space for the van to drive past or not, but it was quite  
 7 a way ahead.  
 8 **THE CHAIR:** But if the vehicle had driven off, it would have  
 9 had to, in some way, have got around the dog officer's  
 10 van --  
 11 A. Yes.  
 12 **THE CHAIR:** -- which the car which was across the road --  
 13 A. Yes.  
 14 **THE CHAIR:** -- at the opposite end from which you had come?  
 15 A. Yes.  
 16 **THE CHAIR:** Thank you.  
 17 You were asked about whether it made any difference  
 18 as to whether the armed authority had been given, and  
 19 I think I understand, from what you've said, that the  
 20 difference would be that, in effect, your team would be  
 21 coordinated by the firearms officer, PC Speeden, on this  
 22 occasion --  
 23 A. Yes.  
 24 **THE CHAIR:** -- rather than being controlled by the Control  
 25 Room.

103

1 A. Yeah.  
 2 Q. Otherwise silent?  
 3 A. Mm-hm.  
 4 Q. Yes. Thank you very much, Officer.  
 5 A. No problem.  
 6 **Questioned by THE CHAIR**  
 7 **THE CHAIR:** Yes, I just wanted to clarify in relation to the  
 8 van at the end, the van was stopped in the road?  
 9 A. Yes.  
 10 **THE CHAIR:** There was another vehicle some distance back  
 11 from it, about -- I think, you've said in your  
 12 statement, about 50 metres or so. I think it was a dog  
 13 officer.  
 14 A. The one behind was a marked police officer.  
 15 **THE CHAIR:** Then there was a dog officer's van --  
 16 A. Mm-hm.  
 17 **THE CHAIR:** -- or car, but nobody was out of those when you  
 18 first got there.  
 19 A. I now believe the dog officer was, although at the time  
 20 I didn't know that. I couldn't see him.  
 21 **THE CHAIR:** Right. So he wasn't actually by the van itself,  
 22 as far as you're aware?  
 23 A. No, not that I knew at the time.  
 24 **THE CHAIR:** But there was nothing in front of the van.  
 25 A. No.

102

1 A. Still, he would obviously work through what they're  
 2 telling him, but he would be in direct control of the  
 3 individual ARVs.  
 4 **THE CHAIR:** Yes, and as far as the contamination was  
 5 concerned, you were aware of that, that you would have  
 6 been able to search, but not to arrest? Would that  
 7 be --  
 8 A. We could of. It was a consideration we'd made on  
 9 initial attendance. If we're not needed in the scene,  
 10 it makes sense not to, being the only ARV with no  
 11 forensic link to it.  
 12 **THE CHAIR:** Yes. But the others with forensic links --  
 13 A. Yes.  
 14 **THE CHAIR:** -- could have been involved, but stayed clear,  
 15 could they?  
 16 A. Yes, they could of, but if they ended up in the position  
 17 we did, they'd have just had to have made that arrest,  
 18 rather than wait for someone else.  
 19 **THE CHAIR:** Yes, thank you.  
 20 Well, I think we'll stop there now. Thank you very  
 21 much. We'll start again at 1.45. Thank you.
