THE NOTTINGHAM INQUIRY

SECOND WITNESS STATEMENT OF BRIAN BUSSEY

I, **Brian Bussey** of Nottingham City Council, Loxley House, Station Street, Nottingham, NG2 3NG **will say** as follows :-

- 1 I am the Neighbourhood Safety Operations Manager for Nottingham City Council (“the council”).
- 2 Where the contents of this witness statement is within my personal knowledge, it is true. Where it is outside my personal knowledge, and derived from other sources, it is true to the best of my information and belief.

The purpose of this statement

- 3 I have been asked by the Nottingham Inquiry (“the Inquiry”) to prepare this second witness statement dealing with the excel spreadsheet of the TIS logs. I attach a further copy of the spreadsheet to this statement [NOCC0000259].
- 4 The spreadsheet itself acts as a log of all faults identified within the TIS system between April 2023 and August 2026. Its purpose is to ensure that issues with the cameras are promptly flagged to TIS and then remedied.
- 5 As can be seen from the spreadsheet, there are no entries for 13 June 2023. The reason for that is that the TIS contractors attended the CCTV control room on 13 June 2023, in an attempt to resolve the issues raised in my earlier email correspondence to them.

6 Due to the fact that the TIS contractors were physically present at the CCTV control room at The Woodlands, I was able to raise any issues with the CCTV functionality verbally with the contractors. On that basis, there was no need for me or anyone else to record the faults and raise a request for TIS within the spreadsheet.

Statement of truth – I believe that the facts stated in this witness statement are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth

Signed:
